GENERAL NEWS.

[BY TELEGRAPH TO THE OREGONIAN.]

Miners' Riots.

DENVER, Col., May 16.—A serious outbreak has occurred among the miners in California gulch, near Oro city. The miners report that the riot arose from the failure of W. H. Stevens and other Detroit capitalists, to meet the demands of the miners for pay due them. The miners seized Stevens and two others, named Wood and Northrup, and put them under strong guard. They demanded of Stevens a check for $2,000, or, enough to take the entire body of 85 men home to Detroit. Stevens issued a check which the detachment took to the bank at Fairplay with Stevens. The clerk of the bank paid the check, and a second check for the same amount was forged from Stevens. Subsequently the programme for lynching Stevens was prepared. Its execution was delayed until Monday night, the 13th, but the current belief is no further violence has or will be done. Nearly all engaged in the riot are from Detroit, Michigan. At present it is impossible to determine who are responsible for the riot.

Forest Fires.

LUDLINGTON, Vt., May 16.—Forest fires are raging in New Hampshire. Six thousand cords of wood were burned near the Fabayan house. The Crawford house is in danger. Trains on the Portland & Ogdensburg Railroad are delayed 12 hours.

CHICAGO, May 16.—A special from the vicinity of Green Bay reports that spring fires in the woods north of that point are raging rightfully, and there is now almost one continuous blaze from Marquette, Wis., to Ispening, Mich., a distance of 120 miles, the fire extending back in some places in the forest a distance of 12 to 15 miles. The Northwestern company lost 1,000 cords of wood yesterday, and the Quincy mine lost 5,000 cords. Several small houses have been burned. The loss on the timber is heavy. Rain alone will stop the flames and prevent a loss which even now aggregates hundreds of thousands of dollars.

WOODS FALLS, N. Y., May 16.—The forest fires raging in this vicinity have rendered hundreds of persons homeless. At Stack Pole Force, Cannons, Corn Trees and Centerville people are fleeing in every direction, frequently barely escaping with their lives. At the latter place dwellings, with barns attached to them, six sawmills, two stores and one church were swept away, also a large quantity of lumber. The entire property of Stack Pole Force was swept away, mills, charcoal, kilns, dwellings, stores and their contents are consumed. Three quarters of a million dollars worth of property is destroyed at Clinton Mills, New York. R. W. Adams & Co's. mills and machinery, loss $150,000, insurance $25,000; Adams & Co's. dwellings of operatives, merchandise, barns, store and storehouse, live stock, lumber and cordwood, loss $50,000, insurance $35,000. An appeal is made to the charitable for food and clothing for unfortunates. At Champlain large quantities of provisions and necessary clothing have been contributed by citizens. The entire country is enveloped in dense smoke. It is stated there were many families living in woodlands where the fires have so fearfully raged, and that undoubtedly many persons have perished while attempting to save their houses. At Alton Forest, Iona, Woods Falls and Ellenburgh, the people were last night watching their homes, and at Dannemara fears are entertained that the fire will spread into the thick forests in that immediate neighborhood.

FITCHBURG, Mass., May 16.—Fires have been raging for three days on West Stockbridge mountains. Three hundred people have been endeavoring to stop the devastation by making back fires. Loss in timber very great.

CHICAGO, May 16.—The *Inter-Ocean's* St. Paul special says Shuttenburg, Backetera & Co.'s sawmill at Stillwater, burned this morning; loss, $65,000.

POUGHKEEPSIE, May 17.—The rains to-day have checked the forest fires along the Hudson.

BANGOR, May, 17.—An extensive fire is raging in the woods at Kingmen. People are out *en masse*, fighting it.

Five Children Burned to Death.

BINGHAMTON, N. Y., May 16.—Five children of Dunnegal, a railroad employe at Little Rock, Cortland county, were burned to death yesterday. Dunnegal and wife were a short distance from the house when they discovered the fire and made every effort to rescue their children, but the flames had gained too much headway. The cries of the little ones calling for help could be distinctly heard by the parents.

Hostilies Discovered.

CHEYENNE, May 16.—Reports from Camp Brown of the 15th state that Snake Indian scouts have discovered a hostile camp on the head of Badwater about 75 miles northwest from Camp Brown on the west side of the Big Horn range. They report 50 or 60 lodges. Capt. J. Mix, 2d cavalry, commanding at Camp Brown, with a portion of his command and Shoshone Indians under Tom Cosgrove will move against them immediately.

The Czar's Ships at New York.

NEW YORK, May 16.—The Russian fleet did not sail this morning. Just as they were prepared for the voyage the admiral ordered all preparations to be stopped. The cause of the delay could not be ascertained.

The Lexington Races.

LEXINGTON, May 16.—The first selling race, a mile and a quarter; horse to sell for $1,500, and carry proper weight, 2d to sell for $1,000. Fairplay won, carrying 105 pounds; Dusty second, carrying 102 pounds. Time 2:11¼.

The second race, a mile and a half, was a walk over for Ten Broeck.

Third race, three-quarters of a mile. Minnie Grey won; Tille Brent second, Srlight third. Time 1:16.

The Ten Broeck-Aristides race is off.

The Rockford Disaster.

ROCKFORD, Ill., May 16.—Before the coroner's jury to-day, Richardson testified that his hearing power of the pieces was about 40 tons each, yet there was a weight of 130 tons on the pier when it fell, and figuring all unusual strains, in storms there would have been sometimes 250 tons weight on each. He had at the town's expense strengthened and gone beyond specifications.

KEY, a supervisor of Chicago, testified that the work was in several particulars stronger than the specifications called for. The superintendent should have watched the quality of material, but the architect should also have known that the brick were inferior and workmanship not equal to specifications. Twenty tons to the square foot was the outside limit of safety. He preferred 15.

LEXINGTON, May 17.—First race, mile and one-eighth. Seven started; Bradamonte won; King Faro 2d, Harry Payton 3d. Time—2:53. Second race, five furlongs, dash, twelve started; Pomeroy won; Milan 2d, Himaja 3d; time—1:04. Third race, 1¼ miles, McWhirter won; Whisper 2d, Emma C. 3d. Time—2:38.

The Herald Mormon Stories.

NEW YORK, May 17.—The *Herald* continues its specials from Salt Lake, intended to convey the impression that the Mormons are arming against federal authorities. Dispatches from there though declare there is nothing in the *Herald* dispatches, saying nothing of truth in them, and that the *Herald's* correspondent is corrupted.

The *Tribune* says Gen. Grant is to have a special audience with Queen Victoria, and is to be the guest of Disraeli.

M., and put passengers in New York before 10 the succeeding night, making the trip in twenty-nine hours.

New York Finances.

ALBANY, May 16.—The Governor has stricken out of the supply bill the entire appropriation of a million dollars for the new capitol and thirty-six other items representing an aggregate of half a million.

Log Rolling in Louisiana.

NEW ORLEANS, May 16.—Some days ago the United States Circuit Court issued a writ for the sequestration of timber cut from public lands in violation of the law of the United States. The marshal seized logs one put them under the care of deputies, whom the log men now threaten. A call is, therefore, made for the U. S. troops to protect the keepers. The request has been sent to Washington. The defendants publish a card saying the quantity of logs seized is very small, and that they own the property.

New York Customs Investigation.

NEW YORK, May 17.—The custom house commission received a long memorial from silk manufacturers, suggesting remedies for alleged abuses in handling and valuation of silks arriving here, the chief remedy being the appointment of one or more expert appraisers with salaries of $3,500 annually. The memorial declares that by the evading of duty and under valuation of invoices the government loses three to five millions annually. Some merchants have ceased importing, finding they can buy here cheaper. The remedies suggested by the memorial are the proper means of ascertaining the market values—consular correction of invoices and special agents abroad to assist consuls; the larger proportion of packages to be examined, upholding of faithful and zealous officers, and penalties to be inflicted in all cases of evading duties. The committee promised early attention to the matter.

Abram S. Hewitt testified that in 1870 or 1871 he was appointed a merchant appraiser to assist the government appraiser in steel importation. He inspected 57 cases, being entitled therefore to $285, or $5 a case. This amount he presented to the Children's Aid Society, and presenting his bill to Appraiser Lydecker, who said he was only entitled to $5 per day, or $35, refused to give more. He told me it was none of my business what became of the money, and that was all I could learn from him about the disposition of the amount, which each merchant had to deposit namely $10 a case. He failed to get anything more from other officials, and other merchants informed him they never got back a cent. They said, if we meant to reclaim this money, don't you see how unpleasant these persons in the custom house could make it for us; we might just as well retire from business at once. The Commission will re-examine Lydecker on this subject in a few days.

Col. G. E. Hall testified that the demoralization had been wrought by the political influence of incompetent and illiterate persons employed.

A. B. Adams testified that he was examined for a position in the custom house in 1872, and rated 70 to 90 per cent. in history, geography and arithmetic, but only 50 in general aptitude. This meant political influence.

A Veto.

Gov. Robinson has vetoed the omnibus charter bill.

Religious Intelligence.

CHICAGO, May 16.—About 2 000 delegates and others were present at the opening session this morning of the Presbyterian General Assembly in Farwell Hall. After preliminary religious exercises, Rev. Dr. J. H. VanDyke, of Brooklyn, moderator of the last general assembly, preached the annual sermon, after which they adjourned until 2:30 P. M.

In the afternoon routine reports were read and then the assembly proceeded to elect a moderator. The roll call showed that James Eells, of Oakland, Cal., had 182 votes and Edwin F. Hartfield, of New York, 157. Mr. Eells was therefore declared elected. A temporary chairman was elected and the assembly took a recess until evening, when the communion was administered by Dr. Van Dyke, assisted by Rev. Mr. Cohn and others.

A Terrible Outrage.

ARLINGTON, Ky., May 17.—Yesterday afternoon Eli Pyle, a negro boy, 16 years old, living near here, attempted to outrage the wife of his white employer, C. R. Pyle, a respected citizen. Failing in this, he beat her, and supposing her dead, threw her into a cistern. The water being only four feet deep, she tied her hair around a projecting root, and, when she weakened, was held up by it. She was in this position five hours when rescued. The criminal is in jail. The woman will recover.

NEWCASTLE, Del., May 17.—General Grant and family embarked amid the greatest enthusiasm and without any accident on the *Indiana* at 3:30 P. M.

War Material Manufactories.

NEW YORK, May 17.—It is currently reported among manufacturers of arms that the foreign belligerents are active hereabout. The Russians have loaded three barks with weapons and explosives, and it is hinted that the Russian squadron took out one such vessel. Her cargo comprised about 200 tons brass metal, three to five million cartridges, 5,000 barrels gunpowder, and is worth $35,000. It is understood the Russians are increasing their orders for pistols. The total shipments now aggregate $2,000,000. Manufacturers for the Turks are doing their usual work, but no vessel will be dispatched before July.

WASHINGTON CITY.

The Right of Search.

WASHINGTON, May 16.—As there is much comment as to the probability of the Russian fleet at New York going to sea for the purpose of intercepting vessels suspected of having munitions of war on board, it may be proper to state that according to our treaty with France, Prussia, Brazil, Sweden, Netherlands, U. S. of Colombia, Spain, Holland and several other nations, examining vessels shall remain out of gun shot of vessels to be searched, and send small boats to board the vessel suspected. Proof with respect to cargo must be certificates, conditions and particulars of cargo, the place sailed from, where bound, etc., but parcels are not to be opened nor any of the packages, unless the vessel is brought to shore, and then in the presence of competent officers. The master of the vessel suspected cannot be required to leave his ship. Our treaties with Great Britain and Russia are silent as to the whole proceedings. Under treaties with other nations than the first mentioned, everything is left to depend on the honesty of ships' papers, and contracts, and arms may lie beneath every hatch under the guise of hardware on manifests, and cannot be examined except by vessels of either Great Britian or Russia, which governments are not bound by the treaties above cited.

The Chicago Whisky Cases.

WASHINGTON, May 16.—The Secretary of the Treasury has modified somewhat his decision for compromising in certain Chicago whisky cases. He says that it is not his intention to preclude each of these parties from submitting such offers of compromise as he may think best, leaving each case to stand upon its own circumstances. In the meantime it is the duty of the department to press the claims to judgment and to enforce the judgment by the usual process of law in all other respects. The decision of the Secretary of the Treasury in the Rhem whisky cases will not be promulgated for two or three days.

Postal Card Bids.

WASHINGTON, May, 16.—Bids for furnishing postal cards to the government for four years, beginning the first of July next, were opened by the Postmaster General to-day. Alternative proposals were made either for plain cards or tinted cards or both. The American Photophy Co., of New York, submitted the lowest bid, namely: 60 and 56 100 cents per thousand for plain cards, and 73 43-100 for tinted. The only proposal from the West was from the Cincinnati *Gazette* Co. Bids ranged all the way up to $1 15⁄2 for plain and $1 15⁄2 for tinted. The contract will be awarded after the department makes an inspection of bids and samples, and perhaps of manufacturing establishments.

Probable Appointment.

WASHINGTON, May 16.—Wm. W. Upton, late chief justice of the Supreme Court of Oregon, will be appointed second comptroller of the currency vice ex-Gov. Carpenter, of Iowa, who resigns October 1st.

CHICAGO, May 16.—The *Inter-Ocean's* Washington special says: Ex-Gov. Carpenter, of Iowa, will leave the office of Second Comptroller of the Treasury under refreshing circumstances. Some time ago the Cabinet decided that the Pacific coast should have a representative among the heads of bureaus, and as Iowa has four prominent officers it was decided to vacate one, and Third Auditor Tabor was selected as the person to go. Hearing of this Carpenter asked whether if he should resign Tabor would be retained. The Secretary said yes, whereupon Carpenter formally resigned. Tabor is an old man, poor, and an old public officer; Carpenter is young, and thought he should retire instead of Tabor. He will go back to Iowa and resume journalism.

Collector for Gardiner.

Secretary Sherman has re-established a deputy collectorship at Gardiner, Oregon, and appointed M. M. Melvin at a salary of $1,000.

Consul to Samoa.

G. W. Griffin, U. S. Consul to the Samoan Islands, will proceed to his post of duty at an early day.

Chamberlain's Views.

The *Tribune's* Washington special says: Chamberlain, in conversation with a Northern Republican clergyman here a few days since, practically admitted that there was nothing else to be done than to pursue the very policy which the President is now pursuing.

A Senator's Son Fails.

Senator Christiancy's son recently failed in competive examination for clerkship in the patent office. This should refute stories of favoritism.

Morton Supports Hayes.

Personal friends of Senator Morton have received letters from him in which he asserts positively that he intends to stand by the administration and support the President's Southern policy.

Public Printer.

The President has not yet notified Public Printer Clapp of the acceptance of his resignation, which was tendered some weeks ago to take effect in June.

The Speakership.

NEW YORK, May 16.—The *Times'* Washington dispatch says John Goode, Jr., of Virginia, has announced himself as a candidate for Speaker.

Army Pay.

Secretary McCrary believes that the officers of the army will avail themselves of the proposition of Drexel, Morgan & Co. to advance their pay, but does not think it necessary for enlisted men to avail themselves of the offer.

Indian Supplies.

NEW YORK, May 16.—The Indian Commissioner has awarded the principal contract for beef, being 20,000,000 pounds, to Jos. Barker at $5 10 per hundred; flour, about 300,000 pounds was given at $3 90 to $6 30, freights included. John Dobson got a contract for 200,000 blankets at $2 80 to $2 90. Claflin & Co. got the principal award for cotton; Nickerson & Robbins for medicines; clothing was given to city firms: Thurber, Bros., groceries; Crossman & Co., hardware. Awards aggregate $20,000,000.

Sherman's Financial Policy.

It is stated that the Secretary of the Treasury contemplates publishing within a few days an official explanation of his financial policy, so far as it relates to the execution of the resumption act of Jan. 14, 1875. In it he will show that he intends to adopt no aggressive measures, and that the course he will pursue, instead of crippling the industries of the country or embarassing its finances, will promote the interests of both. His purpose is simply to execute, both in its letter and spirit, the act providing for redemption of legal tender notes on the 1st of January, 1879. The method adopted will be that authorized and provided by law in accordance with provisions of that act. The volume of outstanding legal tender notes is now being gradually reduced simultaneously with the issue of new national bank notes; but at he close of business to-day in the Treasury Department the amount of greenbacks still outstanding was $61,494,404 in excess of the $300,000,000, the minimum contemplated by the act to be kept in circulation until January, 1879. To prepare for redemption of this $300,000,000 of legal tender notes in coin at the time fixed, the Secretary now contemplates sales of $1,000,000 worth of United States bonds at par in coin, the proceeds of which he will hold as a special redemption fund. The sale of $5,000,000 of 4½ per cent. redemption bonds negotiated by the Secretary of the Treasury with the syndicate last week, was the first of a series of sales by which it is proposed to obtain this fund.

CHICAGO, May 16.—Secretary Sherman has telegraphed Storrs, counsel for the government in the whisky cases, that he will as yet give no decision in the case of Jake Rhem, which is understood to differ from others in that Rehm was promised civil immunity.

Heavy Financial Transactions.

NEW YORK, May 17.—The *Post's* Washington dispatch says the syndicate have taken and paid for in gold, during the last three days, $2,700,000 worth of the $5,000,000 4½ per cent. bonds, which they subscribed for on Friday last. The London syndicate returned to the Treasury some days ago $3,000,000 of 4½ per cent. coupon bonds, to be exchanged for registered bonds. When, about a week ago, the Secretary of the Treasury placed in the market five millions of 4½ per cent. bonds of the funded loan of 1891, he required payment to be made during May and June, but on the 14th, 15th and 16th of the present month $2,644,000 worth of bonds was taken and to-day $1,550,000, making an aggregate of $4,194,000, coin. This amount has already been placed in the treasury.

Pinney's Charges.

WASHINGTON, May 16.—As the result of careful inquiry in the highest official quarters, it is ascertained that a special dispatch about Pinney and other parties, published on the 6th inst., was not decided upon or supported by anything on file in the Navy Department, except a few formal letters relating strictly to the charge of despoliation. These are correctly synopsized in Page's statement. Department officers say Page made several calls in person to urge the removal of this charge. It is also learned by inquiry at the department that the charge of desertion has not yet been removed, although the officials are in doubt whether such a charge against a paymaster's clerk can be sustained. A variety of circumstances indicate almost conclusively that the whole statement which appeared simultaneously in the New York *Sun*, Boston *Herald*, Chicago *Times* and San Francisco *Chronicle* were furnished by a friend of Pinney named Josephs, the Washington correspondent of the *Sun*, who arranged for its dissemination. The rumor that the Central Pacific R. R. Co. paid money to secure the preparation or publication or telegraphic transmission of this dispatch, still lacks verification in this city, although it continues to have many believers.

The Charges against LaGrange.

A dispatch is published this morning to the effect that a letter was on file at the Treasury Department from Special Revenue Agent Clarke, formerly engaged in investigation of whisky frauds on this coast, charging General LaGrange, superintendent of the mint, with attempting to bribe Clarke and let up on the whisky thieves in this city. Gen. LaGrange is disinclined at present to make any reply to such charge, preferring to take no notice of attacks made upon him until such time as his official obligations will no longer interfere with a full refutation of the charges. It is, however, proper to state that your correspondent has been for a long time in possession of information regarding this matter, which renders the absurdity of the charge beyond question. It is apparently made either without any knowledge of the real facts in the case or with malicious motive.

Lerdo Foiled.

WASHINGTON, May 17.—The plans for the restoration of Lerdo to the Mexican Presidency, which promised early success a few weeks ago, were disconcerted by the miscarriage of an important dispatch from his adherents in the Mexican capital. As these fell into the hands of the Diaz party, it was necessary to rearrange the entire programme. Lerdo's friends are actively working at this and are confident of success. It is full believed our government will decline the recognition of Diaz for weeks to come, and that in the mean time the pending revolution will overthrow his power.

Officers Shot.

WASHINGTON, May 16.—J. H. Reeves, collector of internal revenue, Virginia, telegraphs the commissioner of internal revenue that Collector Jossiyn and Deputy Marshal Austin and three others have been shot, in Lee county, while in discharge of their duty, one mortally.

Grant returns to Hayes etux.

WASHINGTON, May 17.—President Hayes, on arriving at the Executive Mansion to-day, was handed the following telegram dated on board the steamer *Twilight* this morning in response to good wishes of President Hayes and Mrs. Hayes, to ex-President and Mrs. Grant on the departure for Europe:

Mrs. Grant joins me in thanks to you and Mrs Hayes for your kind message received on board the steamer after the passage out from the wharf. We unite in returning our cordial greetings and in expressing our best wishes for your health, happiness and success in your most responsible position. Hoping to return to my country to find it prosperous in business and with cordial feelings restored between all sections, I submit myself truly yours,

(Signed) U. S. GRANT.

A Protest from a U. S. Officer.

REVOLUTION THREATENED IN FRANCE.

Resignation of MacMahon's Cabinet.

Intense Excitement in Paris.

Serious Rupture in the French Cabinet.

PARIS, May 16.—The Deputies having yesterday voted to repeal the press law of 1875, President MacMahon wrote Jules Simon, stating he had observed with surprise that neither he (Simon) nor Martel had placed before the Chamber reasons which might have prevented the repeal of this law, which was passed by M. Dufaure test two years ago, and which Simon himself had recently wished to see applied in courts of law. President MacMahon reminds Simon that it had been decided in several meetings of the cabinet, and, indeed, in yesterday morning's session, that he and Martel should oppose the repeal of this law. There had also been ground for surprise that the Chamber, during its last few sittings, has discussed the whole municipal law, and even accepted some clauses, the danger of which Simon had himself acknowledged in council, as, for instance, the publicity of sittings of the municipal councils, without Simon taking part in the discussion. The letter concludes as follows:

In view of such attitude on the part of the head of the cabinet, the question naturally arises whether he retains sufficient influence to assert his views successfully. An explanation on this point is indispensible for myself. Although not like you answerable to parliament, I have responsib lity towards France which to day more than ever before must engross my attention.

In consequence of the letter Simon tendered his resignation in a letter in which he says he was unwell and absent when the municipal bill was discussed. He had an appointment with the committee for Friday, to induce them to reconsider the vote concerning the publicity of sittings of the municipal court. The objections of he ministers to the repeal of the press law applied only to a portion for punishing insults to foreign sovereigns; Simon concluding by declaring as a citizen, not as minister, that he earnestly desires to be replaced by men belonging like himself to the Conservative Republican party. Before sending in his formal letter of resignation, Simon had an interview with President MacMahon. The latter said he had gone as far as he possibly could. He would proceed no further in the wake of the chamber; he intended reverting to his former opinions and would constitute a ministry from the liberal right center. President MacMahon concluded—"I belong to the Right, Sir." Simon replied, "And I to the Left." Marshal MacMahon rejoined, "I perceive that only too well." In consequence of Simon's letter the cabinet resolved they would all resign, so as to manifest solidarity with their chief and leave President MacMahon full liberty of action. Simon immediately quitted the ministry of the interior for his private residence. The members of the Left held a numerously attended meeting. Many members of other parties and several Senators were present. Gambetta advised them to face the solution with calmness but firmness and energy. A majority of the chamber, which represented the country, was in a position proof against aggression, and Gambetta proposed a general meeting of all sections of the Left to draw a declaration explaining the situation to the country and expressing entire confidence in all the ministry.

MacMahon's Mistake.

LONDON, May 17.—The *Times'* Paris correspondent says President MacMahon's letter to Minister Simon, which caused the latter to tender his resignation, is one of the most serious events since the fall of Thiers. The councils general and municipal court which are charged with the duty of electing Senators must soon be renewed. Ten of the Right who are leading this conspiracy found themselves driven into a corner. They wished, on no account, to entrust these elections to the present Republican cabinet. They had, therefore, to force on a conflict which the Chamber of Deputies had avoided. Discussion of the municipal law had commenced. This discussion was only on the first reading. Simon had reserved for himself intervention on the second. On the press law, Simon confined his opposition to the question of substituting trial by jury for summary jurisdiction in cases of insults on the marshal and foreign sovereigns. This, if a mistake could be repaired, but they learned of the *coup d'etat* and had not patience to wait, and they suggested to the marshal the previous letter. It is couched in offensive terms and divulges what passed in council in a fashion which will excite the censure of the whole world. It concludes, like all manifestos of *coup d'etat* and makes a very threatening appeal to the country. Simon, in an interview with President MacMahon, said: "I offer you my resignation." MacMahon replied, "I accept it." By 3 o'clock in the afternoon the Marshal had received the resignation of the whole cabinet, except from the Minister of War. Up to this evening the Duke d'Aulifret Pasquier, president of the senate, alone has repaired to the Elysee. It is affirmed that he went of his own accord, and that the Marshal would scarcely receive him. This evening the names of future ministers constituting the veritable dissolutionist *coup d'etat* cabinet are spoken of as follows: Duke de Broglie, foreign affairs; Fourtier, interior; Buffet, finance; Layreut, education; Girard, commerce; Conude de Paris, justice; Berthaud, war. The authorship of MacMahon's letter is attributed to Duke de Broglie and Fourtier, and it is said that at to-morrow's sitting a manifesto of the Marshal will be read explaining that it seemed to him dangerous to let the administration out of the country remain any longer in the hands of the present cabinet. At the same time it is said, that availing himself of the article in the constitution which gives him that right, the Marshal will have a decree read proroguing the chamber of deputies for the month.

The Chambers will reply by a vote of want of confidence or by some other extreme measure, for it is impossible to foresee to what length the chamber, after an example of violence and deception, might proceed; but in any case the chamber will be prorogued, and will reassemble only to be dissolved, for the struggle is henceforth absolutely inevitable. This news has produced here an impression of bewilderment. Deliberations are still going on, and the greatest efforts are being made to appease the anger of the Left and to allay the excitement manifest.

VERSAILLES, May 16.—In Chamber of Deputies to-day, a resolution of the Left declaring that the Chamber will only place confidence in a cabinet free to be resolved to govern in accordance with Republican principles was adopted by a vote of 355 against 154.

Great Excitement in Paris.

PARIS, May 17.—Great excitement prevailed last night. As the evening advanced the feeling became more intense; crowds raised cries of Vive la Republique! Vive la Constitution! A ban les Jesuits! The *Official Journal* announces that the cabinet ministers retain their offices until their successors are appointed. Republican newspapers strongly reprobate the change, and express grave apprehensions for the future. President MacMahon has expressed a determination to maintain a pacific policy with all powers, and to firmly repress any ultramontane demonstrations.

The Spanish government is endeavoring to obtain the expulsion of Don Carlos from France, in consequence of his letter to the Basque people.

FRIDAY MORNING, MAY 18, 1877.

MUNICIPAL DEBTS.

The rate at which most of our principal cities are galloping toward bankruptcy is one of the most significant and really alarming facts of the time. New York City now owes $160,000,000, and the debt increases in spite of all efforts to check its growth. Since Tweed was deposed, the debt of the city has increased more than fifty millions, a fact which indicates the hopelessness of reform under any method yet employed. Taxation of the city is thirty-three millions per annum, or thirty dollars to each inhabitant, while national taxation does not exceed six dollars for each inhabitant of the United States, including all charges on account of the national debt. To support the government of the whole Dominion of Canada, with the entire system of internal improvements in progress, costs one-third less money than the municipal government of New York. In Philadelphia, Chicago and Brooklyn, it is equally impossible to arrest the tendency to profligacy and financial ruin, on any principle yet discovered. During the last seven years the debts of 130 cities in the United States have increased from $269,000,000 to $744,000,000, which is but little less than two hundred per cent. This is a frightful exhibit. By those who have studied the subject it is admitted that no remedy yet tried is worth anything whatever. More radical measures than any yet adopted are necessary to effect a change.

In the legislature of the State of New York this subject is being considered, and after very full discussion the conclusion is stated that the root of the evil is in ignorant and irresponsible popular suffrage, which enforces communistic principles through the forms of local law. The men who vote the taxes are actuated simply by one purpose; that is to say, they intend to make the holders of property divide with them. Under this view of the case the legislature of New York proposes an amendment to the constitution of the State restricting suffrage on all municipal questions relating to taxation and disbursements, to persons who themselves are liable to taxation. In other words, a property qualification to this extent is proposed. The whole people of the State are to vote on the amendment, which may or may not pass; but inasmuch as it does not restrict suffrage on political questions, it is not likely that the vote on the amendment will be divided on party lines. If municipal officers are responsible only to taxpayers they will have it in their power to prevent the augmentation of municipal debts, and will find it to their interest to do so. But in the great cities, where their tenure depends on an irresponsible popular suffrage they are unable, as experience has shown, to resist the pressure for prodigal expenditure. Organizations of men numbering many thousands and armed with the ballot, demand that the city shall give them employment at stipulated wages and short hours, and if it be not done they will vote so as to compel it. In such a state of things politicians take care of their own interests by professing to become the champions of popular rights; public improvements are carried on in the name of public spirit and necessary enterprise; and the municipal debt increases at an alarming rate, attended by a growing taxation that swallows all the profits of legitimate business. The whole charges cannot possibly be borne as they accrue, and therefore the evil day is postponed for a time by increasing the debt and creating burdens for the future. It is easy to see the result to which all this tends. If not arrested, this augmentation of municipal debts will bring bankruptcy and then revolt on.

AN IMMENSE HONOR.

It was exceedingly important that Oregon should have a bureau appointment at Washington. Not only did the State need it, but the whole country required it, and the value of the honor is heightened immeasurably by the character of the person who is to have the position. A comptrollership is a big thing, particularly for a man who has not standing and ability enough to make a living without one. It is a good place in which to stow away a small politician who is played out at home, and finds departure an agreeable thing. Besides this is a first rate way to pay a debt for personal service. It is a new incident, moreover, in the enforcement of political reform. With a comptrollership of the treasury in the hands of W. W. Upton, the business interests of the country will surely revive. President Hayes and Secretary Sherman at last give an indication that they have an adequate comprehension of the wants of the country. Croakers who were complaining of the indifference of the administration to business interests will now be put to confusion and shame.

It is W. W. Upton, which was Chief Justice rotated into that position by the constitution of Oregon. But when the term expired, he prudently declined to allow the people of the district to tell him by their votes what they thought of his services as justice and chief justice; and therefore, though he *hankered* for another term as few men ever did, discretion prevailed and his name was withheld. His party dared not encourage his nomination, knowing it would be a defeat at the rate of two to one.

A man who is altogether competent is obliged to retire from an important position to make a place for one grossly and notoriously incompetent for such a trust. The change is to be made to meet the requirements of those who are jobbing in official places, and the proceeding is called civil service reform. The comptrollerships are positions requiring decided abilities for business. Everything that Judge Upton is most deficient in is required as an important qualification for the place for which he is named. Were he known personally to the President of the United States it is not possible that he ever could receive the appointment. When men in office, against whom no complaint can be made, are expelled to make room for hack politicians possessing no ability whatever for business, and having nothing to commend them but the fact that they are the personal adherents of some man who holds ephemeral power, it is altogether proper to ask how much real progress the new principles that were to regulate the civil service are making. A more improper and totally unfit appointment for such a place could not possibly be suggested. But we are told that the Pacific coast had no bureau officer. Since the entire country west of the Rocky mountains has now been "recognized," three States and as many Territories will no doubt try to bear their honors with becoming modesty. This is the thing, we are told, that they were crying for. It will be thought by some a bigger and better thing for Oregon than even a railroad.

According to the Des Moines *Register* the Republican press of Iowa is nearly unanimous in opposition to the President's Southern policy. It gives a list of fifty papers or more published in that State which speak out with more or less directness against it. But so far as we can discover they fail to tell what else it was possible for the President to do.

A NEEDED CHANGE.

On all sides it is admitted that a change is necessary in the administration of State affairs. Criticism of those who have been at the head of the State government since 1870 is heard about as frequently from Democrats as Republicans. It is notorious that during this period the debt of the State has been vastly increased. In a large measure this has been the result of a scheming partisanship which has made the public interests subsidiary to individual purposes. For years it was an open secret that Gov. Grover was using all the influence his position gave him to prepare his way to the United States Senate. When an Executive has such a purpose in view, a wholesome administration of public affairs is scarcely to be expected. Naturally he is swayed a great deal by what his political interests seem to demand. Under such conditions it requires an unusual degree of independence and strength to deal, without partiality, with measures in which the legislators and politicians of his party may be concerned. If he offends them he loses their support; hence he is not free to look carefully after the interests of the State, which may be involved in measures of legislation. It is not probable that Gov. Grover would have given his assent to management which has so greatly increased the State debt, had he been perfectly free to act. Constrained, however, by the necessities of his course in politics, he gave us an administration whose results are criticised by members of his own party with quite as much vehemence as by his political opponents.

There will be a loud demand for a change of administration, in order that there may be a thorough sifting of the affairs of the State. The people desire to be informed, more fully than they have yet been, what the State's actual financial condition is. It is believed that in the matter of the swamp lands an investigation will yield some interesting results. The condition of the school fund in many places where it has been loaned is also deemed very unsatisfactory. It is widely believed that it was loaned formerly in many cases in such a way as to secure political influence, and that the result is insufficient security. These are but branches of the whole subject of inquiry. A change of administration is probably the only method by which full information can be reached, and this awaits the result of the next election. The present Governor is considered a part of the system of the last seven years, and is the heir to it. In the public mind he is therefore associated with the inquiry to be made. It is said that he is looking to the Senate too. It will be desirable to get a Governor who will perform the duties of his position, and not try to use it as a means to reach a place he may think more desirable. The demand for better methods of administration is not applicable to the national government alone. In our next elections it will include State and municipal affairs.

What was Chamberlain's noise all about? Now that the agony is over and Hampton is Governor, Chamberlain frankly admits that the President could have done nothing else than withdraw the troops from the State House at Columbia. To a majority of the American people this was apparent from the very first. They looked at it from another standpoint than that occupied by Mr. Chamberlain when he was filling the ears of the country with supplication and remonstrance against the removal of the troops. But his good sense has come back to him, now that he is able to look at the matter from a high er point of view.

Kars, says the New York *Times*, is considered by the highest military authority the military key to Asia Minor. Having possession of it, the Russians will find a comparatively easy access south to Erzeroum, and then, either capturing or masking this place, they can descend into the fertile plains of Trebizond and take or destroy an enormous quantity of the agricultural wealth of the Ottoman empire, and finally gain a foothold at Trebizond, or some other point on the Black Sea.

Now our British Columbia brethren will feel better. The Russian fleet at San Francisco has been ordered to the Persian Gulf. Victoria will now be able to sleep o' nights, and the home guards may disband.

Those "circumstances" under which ex-Gov. Carpenter of Iowa is compelled to vacate the comptroller's office are truly "refreshing." The Chicago paper is right.

MEETING Y. M. C. A.—Last Monday evening a regular monthly meeting of the Y. M. C. A. was held, preceded by a business meeting of the managers. The resignation of Capt. M. C. Wilkinson as president of the association was read and accepted, and a committee of four appointed to draft suitable resolutions expressing the regret of the association and its high appreciation of his valuable services. Gen. O. O. Howard's resignation as a member of the board of managers was also accepted. Mr. George H. Himes of the Congregational Church, was elected to fill the vacancy caused by Gen. Howard's resignation. Mr. I. A. Macrum was elected president for the balance of the term, but declined to accept the office, further action in the matter was postponed until the next regular meeting of the association, occurring on the first Monday in June. In the interim Mr. Wakefield is ex-officio president of the association.

MISSIONARY LIFE.—The *Catholic Sentinel* says: "Rev. T. Mesplie, of Boise City, has been for several years engaged in the compilation of a valuable work to be entitled 'Thirty Years of Missionary Life.' It has recently been completed and will be published in France, the work being written in the French language. Prior to its appearing in book form it will be issued as a serial in the *Echo de Deux Mondes*. It is to be hoped the work will be translated into English and issued in this country, where the Rev. Father has hosts of friends who would be pleased to peruse his missionary experiences."

DAMAGES CLAIMED.—An action has been commenced in the U. S. District Court by a seaman named William Gibbons, against Captain J. A. O'Brien, master of the ship *Edward James*. Gibbons was a sailor on board that vessel during the voyage from Hong Kong to this place. He alleges that he was frequently during the passage, cruelly beaten, and human treatment at the hands of the captain. He claims damages in the sum of $500. This morning the case will come up in the United States District Court for hearing.

Reserved seats can be procured for the matinee at Gray's music store.

The Olympic Club is reported to be in a prosperous condition.

The *Elder* brought about 400 passengers and 523 tons of assorted freight.

Confirmation services this morning in the Beth Israel Synagogue at 10 o'clock.

The blonde-haired young man now devotes his leisure moments in practicing croquet.

Next Saturday (26th inst.) E. C. Brooks, Esq., will address a Sunday school picnic at Gervais.

Father Herman will celebrate Mass at 10 o'clock at the Catholic church, McMinnville, on Sunday, 27th inst.

Rev. Geo. H. Atkinson and S. G. Skinner were passengers on the steamer *Geo. W. Elder*, which arrived here yesterday.

Yesterday, two hotel-runners were each fined $5 by Judge Adams for an assault and battery, vocation without the required license.

Mr. J. K. Gill has placed this office under obligations for an excellent map of the seat of the Eastern war. No reader should do without one.

A stated communication of Portland Lodge No. 55, A. F. & A. M., will be held this Friday evening, in their Lodge room, Masonic temple, at 7½ o'clock.

In our report of the Compositors' Concert the types made us say that Mr. Joseph Jacobs' claim against the city was $30. It was written $3,000. Quite a difference.

Next Saturday being the vigil of Pentecost will be a fast day. The Wednesday, Friday and Saturday of next week will be Ember Days, and are also fast days.

The Catholics of Gervais have selected a suitable plot of ground about half a mile from the town for a cemetery. A number of members of the congregation are now clearing it.

Mr. J. M. Bacon has our thanks for numerous favors and courtesies received during the session of the Grand Lodge, I. O. O. F., not only an active, efficient officer, but an accommodating gentleman.

Gen. Howard and Capt. Wilkinson are expected to return to Portland about May 25th. Joseph and White Bird, two Nez Perce chiefs with their followers, have gone upon the reservation assigned, and all danger of trouble from them is over.

It is stated that the newly appointed consul to Tientsin is sitting humbly at Ah Sing's feet, receiving lessons in Chinese etiquette. Evarts requires him to learn those symbols and to triumph over all lingual difficulties in their pronunciation. Under such circumstances a man has to fashion anew the organs of speech, so as to shoot out his words with corks popping from soda bottles.

MISS WINSTON'S BENEFIT.—This evening Miss Jennie Winston, the charming singer and actress will be the recipient of a complimentary benefit tendered her by her numerous friends and admirers. On this occasion, the ever attractive comic opera "Girofle-Girofla," will be repeated for the last time. Miss Winston in a most deserving favorite with the people of this city, and we feel assured that a crowded house will greet her this evening.

CURE OF THE SEASON.—To-morrow evening will conclude the brief operatic season in this city. Financially speaking, the season has not proved as successful as could have been desired, but when the fact is considered that the patronizers of amusements have had such frequent calls upon their purses for the past four or five months, the withdrawal of patronage has not been discouraging. While the gross receipts are not as large as could be desired, or was anticipated at the opening of the operatic season, yet when compared with the success which has attended preceding seasons, the present management has reason to feel quite hopeful and encouraged. The average presentations of English and comic opera here have given the most unqualified satisfaction, and have been without exception received with favor. The members of the company have made many warm friends during their brief stay among us, and will carry away the best wishes of a host of admirers.

At 2 o'clock to-morrow afternoon a matinee performance will be given, when "The Bohemian Girl" will be repeated for the last time.

To-morrow evening Mr. Geo. F. Tilbury, the efficient and gentlemanly advance agent and manager of the company will be the recipient of a benefit, Wallace's fascinating opera "Maritana" will be presented with the full strength of the company. Mr. Tilbury is a popular gentleman, and a crowded auditorium may be confidently anticipated.

PICNICS.

EXCURSION.—The steamer to convey the excursionists to the Cascades to-morrow morning, will leave the Central Wharf at the foot of Washington street at 7 o'clock. She will then cross the river to the foot of J street, East Portland, to receive on board the company from the east side. All those desiring to participate in the pleasures and benefits of this grand excursion should purchase tickets at once, and in good season. On reaching the Cascades a special train of passenger cars will be in readiness for a trip to the Upper Landings, running along the entire distance, five or more miles, giving all a good opportunity of viewing the wonderful portion of the Columbia river, where the question of national interest is pending, whether it were better to remove the present rocks in the channel of the river, or make a new channel around them? No one should fail to pass over this route. Single tickets for the round trip, or two or more 75 cents each. Less than one-half the ordinary rates.

T. A. DAVIS
A. N. GAMBELL,
J. H. LYON,
A. D. HELMAN,
Committee.

On motion of A. J. Marshall, P. G., the Grand Lodge resolved itself into secret session.

After some time spent therein the Grand Lodge resumed the regular order of business.

The following resolutions were read and adopted:

Resolved, That all appointed officers of the Grand Lodge shall deposit their regalia and jewel with the Grand Secretary upon the adjournment of the Grand Lodge.

Resolved, That all elective officials of the Grand Lodge shall be required to either deposit the regalia and jewel or to receipt to the Grand Secretary for the same.

Adjourned until 9 o'clock A. M. to-morrow.

Third Day—Forenoon Session.

The Grand Lodge met pursuant to adjournment. A quorum of officers and members was found present. On motion of Bro. J. J. Walton, the installation of Grand Lodge officers was fixed at 4 o'clock P. M. to-day.

Brother Wm. Billing, of Olympia Lodge No. 1, was introduced, and the Grand Lodge degree was duly conferred upon him.

The committee on appeals, in the case of Wm. H. Parker, from the action of Cornelius Lodge No. 40, recommended that the action of the lodge be reversed, and that the case be referred back to the lodge for a new trial. Report adopted.

The legislative committee reported adversely on the action of a lodge in refusing to pay sick benefits to a brother in good standing on the ground that said sickness was brought on by unnecessary exposure. Report adopted.

The following questions were answered by the legislative committee:

Question—Has a lodge jurisdiction of a brother who has been dropped for non-payment of dues over one year? Answer—A brother ceasing membership for non-payment of dues is not amenable to the laws of the order from the time of such ceasing membership.

Question—Can charges be preferred against such a brother, he having made application for a certificate of dismissal? Answer—Charges cannot be preferred in such a case.

The following amendment to the constitution was read and laid over under the rule:

Resolved, That sec. 3 of art. I of the constitution of this Grand Lodge be amended as follows:

Section 3. Every lodge shall be entitled in the Grand Lodge to one representative for its charter and one representative for every one hundred members in good standing, and one for every fraction of more than half that number; *provided*, that any lodge not having fifty members shall be entitled to one representative for ment ership in addition to representation for charter; and shall be elected by the lodge at any regular meeting within two months previous to each annual communication, to serve one year from the beginning of such annual communication. Vacancies may be filled at any time to serve the remainder of the term.

The report of the special committee on the death of S. S. Slater, P. G. M., was read and, on motion, referred back to the committee with instructions that it be placed on memorial page.

To the M. W. Grand Master, Officers and Brothers of the R. W. G. Lodge of Oregon, I. O. O. F.: Your special committee to whom was referred the death of Brother P. G. M. S. S. Slater, report that he died in Idaho Territory. He was a member of the first Grand Lodge, which was organized in Portland in 1856. He was elected R. W. D. G. Master in 1858, and M. W. G. Master in 1859 and in 1860 R. W. G. Representative. His official record is the highest tribute of respect within our power to give.

Resolved, That a page in the proceedings of this Communication, suitably inscribed, be devoted to his memory.

The special committee on death of J. H. Douthit, P. G. M., submitted a report, which was, on motion, referred back to the committee.

To the M. W. G. M., Officers and Brothers of the R. W. G. Lodge of Oregon, I. O. O. F.: Your special committee to whom was referred the death of Brother J. H. Douthit, P. W. master, report that he died at his home, in Wasco county, Oregon, October 26, 1876. Well and widely known, his very name a synonym of benevolence, his death was a public calamity, mourned by thousands throughout the State. He labored with hand and head and heart for the advancement of the order of which he was an honored member. Wise in counsel, ripe in experience, earnest in action and undeviating in principle, he went in and out among us, loved and esteemed by all. He was foremost in all those enterprises calculated to build up and develop the interests of our young and growing commonwealth, and enhance the welfare of its citizens; but his work is done. Those hands, so often opened to supply the destitute and to wipe the tear from the face of sorrow, are clasped in death; that heart, so full of tenderness and sympathy, has ceased to beat; and that manly form rests on death's leaden pillow. We see his face and hear his voice no more. We mourn his loss, but we mourn in hope. He lives like the star that sinks below earth's horizon, only to reappear, radiant with immortal life, where every ray of friendship true will be recalled to swell the light of Heaven.

Resolved, That a page in the proceedings of this communication, suitably inscribed, be devoted to his memory, and a copy of this resolution be forwarded to the family of the deceased by the Grand Secretary, under the seal of the Grand Lodge.

On motion of A. L. Stinson, P. G. M., the decision of D. D. G. M. Kenworthy on appeals from Samaritan No. 2 was taken from the legislative committee and referred to a special committee consisting of J. C. Church of No. 9, J. M. Settle of No. 44, H. G. Godly of No. 4, L. Field of No. 6, I. T., and John Knight of No. 13.

The following resolution was read and adopted:

Resolved, That Past Grand Masters E. St. John A. G. Hovey, E. L. Bristow, A. L. Stinson, J. M. Marshall and P. M. Gatch be allowed the same per diem and mileage as other Grand officers and Representatives for their attendance at this session of the Grand Lodge.

The committee on appeals submitted the following report, which was adopted:

The committee on appeals, to whom was referred the appeal of Bro. J. R. Spencer from the action of Cornelius Lodge No. 40, in expelling him for contempt, respectfully report that we find the action of said lodge irregular in the following particulars, to wit:

1st. Due notice does not appear to have been given the accused of the time and place of trial.

2d. Due notice was not given to accused of the verdict rendered, but, on the contrary, the trial committee submitted their report, the lodge accepted it and expelled the brother on the same evening.

3d. The full committee were not present at the trial.

Other errors exist, but we deem these sufficient. We recommend the adoption of the following resolution:

Resolved, That the action of Cornelius Lodge No. 40 in expelling Bro. J. R. Spencer be reversed and the lodge directed to grant Bro. Spencer a new trial.

The committee on appeals submitted the following report, which was adopted:

Your committee on appeals, to whom was referred the appeal of L. W. Darling from the action of Eureka Lodge No. 32, find the following facts disclosed by the records:

1st. That Bro. L. W. Darling was guilty of using very offensive and unbecoming language against the Brothers of said Eureka Lodge No. 32, in calling them thieves and robbers.

2d. That Bro L. W. Darling was suspended by said Eureka Lodge for the term of ten years.

Your committee are of opinion the penalty fixed by Eureka Lodge No. 32 in suspending Bro. L. W. Darling for ten years is unreasonable being equivalent to an expulsion, and contrary to the intent and spirit of the law of the Order. We would, therefore, recommend that the action of said Eureka Lodge be reversed; that the case return to said Lodge; that the said Lodge be directed to fix a reasonable term of suspension.

The committee on laws of subordinates, submitted the following report, which was adopted:

Your committee on laws of subordinates to whom was referred the accompanying resolution of Representative Lyon, of Samaritan Lodge No. 2, proposing an amendment to section 5, art. 6, of the Constitution of Subordinate Lodges, beg leave to report that we have considered said resolution and recommend that the same be adopted.

Resolved, That art. 6, sec. 5, of the Constitution of Subordinate Lodges be amended, so as to read as follows:

Sec. 5. Nominations for elective officers shall be made only on the two meetings immediately preceding that of the regular election except when the nominees for an office all decline, or when there shall be but one candidate for an office, and upon a ballot being had he shall receive less than a majority of the votes cast.

The amendment to the constitution proposed at the May session, 1876, was then taken up, which was lost, not having received a two-thirds majority.

The report of the special committee on the death of J. H. Douthit, P. G. M., was again submitted and adopted by a rising vote.

The special committee on the death of S. S. Slater, P.G.M., which was adopted by a rising vote,

The committee on correspondence submitted a lengthy report which was adopted.

The following resolution was read and referred to the committee on the state of the order:

Resolved, That the General Relief Committees now organized, or that may be hereafter established by Subordinate Lodges in this jurisdiction, are hereby authorized to have and keep a seal of such design and form as each in its judgment may select to be used in authenticating their official correspondence.

The following resolution was submitted but lost.

WHEREAS, It does not clearly appear what the Grand Lodge intended to enact by Sec. 1, Art. II, of the Constitution of Subordinates, therefore,

Resolved, That the Legislative Committee be requested to construe the same so as to give it an intelligent meaning—failing in which, to prepare and introduce an amendment thereto.

On motion the Grand Lodge adjourned until 3 o'clock P. M.

Afternoon Session.

The Grand Lodge met pursuant to adjournment, a quorum of officers and members being present. The following resolution was adopted:

Resolved, That the Grand Secretary be authorized to prepare and have printed proper blanks for the use of Recording Secretaries in forwarding statistics of expenses, benefits and other information required to be furnished Deputy Grand Masters by the lodges in their respective districts.

Several members were granted leave of absence.

The decision rendered by D.D.G.M. Kenworthy in relation to the matter of C. T. Snyder vs. Samaritan Lodge No. 2, which was referred to a special committee, was affirmed and the report adopted.

The legislative committee reported answers to questions as follows:

Question No. 8—An application is made for membership by deposit of card, the applicant being present; the petition is referred to a committee and at the same meeting a motion is made to suspend the rules and instruct the committee to report immediately. The motion prevails, the report made, candidate balloted for and elected. Under such circumstances can the candidate come forward, sign the constitution and become a member? In case he does is he a member of the lodge?

Answer—No.

The bonds of the R. W. Grand Treasurer were received and on motion accepted and approved.

On motion of W. J. Snodgrass, M. W. G. M. elect, the grand secretary was instructed to send all lodges in this jurisdiction a notice of the murder of Bro. Halsey W. Chamberlain, of Covenant Lodge No. 6, I. T., by one C. B. Mosher.

On motion of James Cummings, the committee on the history of Odd Fellowship was authorized to have said history published with the proceedings of the present session.

The finance committee recommended that the following appointed officers receive pay as follows: E. H. Stolte, grand marshal, $6; W. S. Powell, grand conductor, $8 25; J. W. Swan, grand herald, $14 50; and the Grand Lodge so ordered.

On the recommendation of the legislative committee section 1, article 2, of the Constitution of Subordinates was amended so as to read as follows:

Sec. 1. All candidates for initiation must be free white males of the age of twenty one years and upwards, of sound health, of good moral character, and believe in the existence of a Supreme Being, the Creator and Preserver of the Universe, and be proposed in the Lodge nearest his residence, except that Lodges grant permission for his giving another Lodge. Permission shall be given by ball ballot, and two black balls shall deny the permission.

INSTALLATION.

The following elective and appointed Grand officers were then duly installed:

W. J. Snodgrass, of Blue Mountain Lodge No. 11, M. W. Grand Master; H. H. Gliffy, Chemoketa No. 1, R. W. Deputy Grand Master; John Kenworthy, Orient No. 17, R. W. Grand Warden; Jno. M. Bacon, Oregon No. 3, R. W. Grand Secretary; I. R. Moores, Chemeketa No. 1, R. W. Grand Treasurer; J. F. Backenstos, Albany No. 4, R. W. Grand Representative; I. W. Case, Beaver No. 53, R. W. Grand Marshal; E. E. Tuer, Blue Mountain No. 11, R. W. Grand Conductor; C. v. Winstingerode, Minerva No. 19, R. W. Grand Guardian; Jos Emery, Barnum No. 7, R. W. Grand Chaplain; F. M. Gabert, Myrtle No 38, R. W. Grand Herald.

The following were elected Grand Lodge trustees: J. M. Kelly, No. 12; J. J. Murphy, No. 1; J. J. Walton, No. 66. The bonds of the trustees were fixed at $500.

The following resolution was adopted:

Resolved, That the Grand Secretary be directed to have printed in the appendix of the journal of this session the constitution of subordinate lodges as amended.

The finance committee reported the expenses due the officers and representatives in attendance at the Grand Lodge, which report was adopted.

The Grand Lodge adjourned until 9 o'clock P. M.

OREGON.

A bridge costing $5,000 is to be built across the Coast Fork of Willamette at or near the Swaggart ferry.

David Sears, of Lousignant's lake, Washington county, killed two coyotes last week and got his $10 bounty from the wolf club.

On Tuesday 15th inst., at Dayton, Yamhill county, a little son of Thad. Dupuy's, three or four years old, while playing with matches, set his clothes on fire, which were burned entirely off. He died next day.

At Smith's mill near Dayton on Wednesday, William Lambert was caught under a falling pile of lumber and terribly crushed. The back part of his head was taken off, his right arm was broken and his left arm unjointed and the bone driven far into his side. The legs, abdomen and back were crushed horribly. He was still alive at last accounts, but how he could live was a miracle. He has a family and was one of the owners of the mill.

J. H. C. Raymond, Postmaster at Gaston, warned by the Watts difficulty, publishes this in the *Independent*: "To the President of the United States, or the head man of the Post-office Department at Washington, greeting: I hereby tender my resignation as postmaster at Gaston, said resignation to take effect just one hour before I am elected to or receive an appointment to an office more desirable than postmaster." Good for Henry's prudence. Truly the experience of Watts is a beacon light.

The Yamhill *Reporter* gives this version of a difficulty at the Hewitt schoolhouse in that county, where a school director was "done for" by the girls: "A young lady was teaching the school, but had some trouble with one of the directors, who discharged her and assumed control of the school himself. The first day his authority was a success, and he made a young lady stand out on the floor; but the next day his female pupils consolidated themselves against him, bound him hand and foot, took him down and gave him a regular old fashioned thrashing."

Cheerfulness the Offspring of Health.

That equable state of mind which is unruffled by trifling incidents, and looks on the sunny side of things in general, is the result of, a healthful state of the brain and stomach. The dyspeptic and nervous invalid may—although his is rare indeed—feign cheerfulness and bear the harassing symptoms which persecute him with an assumption of heroic indifference, but in reality he is the victim of despondency. To experience genuine cheerfulness of mind, the stomach must recover its lost tone, the thinking organ its normal quietude. Hostetter's Stomach Bitters are the best remedy for mental depression, since they overcome the nervous debility and indigestion which originate and foster it. Persons suffering from that malady are particularly incident to the decline of life, ladies in delicate health, and convalescents, derive solace and vigor from its use. Drive away the blues and revive the drooping energies with this grand stimulative tonic.

The steamer *Belgic* sailed to-day for China and Japan, carrying $1,950,000 in treasure, mostly fine silver, and a great deal of it on European account. This is the largest treasure shipment that ever left this port.

Pinney Proceedings.

Pinney's cross-examination was completed to-day, and Billy Carr will probably take the stand this afternoon.

William G. Carr was examined before the commissioner of the four h district court this afternoon concerning h's business relations with George M. Pinney. He flatly contradicted Pinney's sworn statement that the latter had left property in witness' hands to be devoted to paying off certain indebtedness to banks, etc., which statement Pinney clinched by showing a written agreement to that effect. Witness said he first became acquainted with Pinney in 1873, held some property of his subject to certain claims; held no property over and above Pinney's obligations to him; never executed the agreement which Pinney had produced; never saw it and knew nothing of it till Pinney referred to it in his evidence.

Suicide.

SAN JOSE, May 17.—This morning, about 6 o'clock, Samuel Knapp, a farmer residing about six miles east of this city, committed suicide by shooting himself through the head. Deceased was a native of Wayne county, Ohio, aged 57, and has been subject to fits of insanity for many years, and about eight years ago made an attempt to kill himself by cutting his throat.

Incendiarism.

GILROY, May 17.—Last night at 12 o'clock the residence, dairy and barn of Hugh S. Jones, situated five miles from here, on the road to San Felipe, were simultaneously fired by incendiaries and totally destroyed. The family were awakened soon after the fire commenced, and Mr. Jones, on rushing out, saw two men running away. He shot twice at them before they scaled the fence and they returned the fire, neither being injured. Jones only succeeded in saving his horses and a small amount of furniture. Loss, about $10,000; insured for $4,500.

Rain.

The rainfall on the 16th and 16th amounted to a quarter of an inch, which will bring out many fields considered hopelessly gone, and we will probably have nearly half a crop of grain. Weather fine.

The Counil of 13.

SACRAMENTO, May 16.—The Council of Thirteen of the Order of Caucasians have expelled P. S. Dorney from the order for forging the name of the Grand Secretary and wrongfully using the official seal of the order. Dorney was one of the originators of the order, and at one time held the offices of Grand Chief and Grand Lecturer of the leading Encampment. He does not take his expulsion amicably, and designs retaliating. He went before the grand jury to-day and preferred criminal charges against certain members of the Council of Thirteen. Judge Clark has issued an order to W. B. Keller, Supreme Secretary, to produce the books of the order for the inspection of the grand jury. Dorney says he intends to expose the order, which he asserts is engaging in illegal and criminal proceedings. Officers of the Council al deny any wrong conduct, and assert that all rules of the order are practicable and law-abiding. The investigation is in progress before the grand jury. This body will make its report this week, when interesting developments are expected.

FINANCE AND COMMERCE.

Financial.

THURSDAY EVENING, May 17, 1877.

Gold in New York, 106¾.

Legal Tenders in Portland—buying 93¾; selling, 94.

Silver Coin—4@5 per cent. discount.

The steadiness of the New York gold quotations is remarked in our exchanges as an evidence of continued confidence in the soundness of the financial policy of the government, and it now seems that Secretary Sherman has a well defined plan to carry out the act of Congress providing for the resumption of specie payments on the 1st of January, 1879. Notwithstanding the ridicule which was applied to this measure by its opponents, it is very likely that it will be accomplished at the appointed time, and that without any special disturbance of the business interests of the country.

Our dispatches to-day contain much news of a financial and business character, among which are noticeable the transactions with the syndicate by the Treasury Department, the silver bill passed by the Illinois legislature, etc. Illinois is the third of the Western States to enact a similar law, and the fact indicates that a general Congressional act on the same subject will have a very large support in the next Congress. That such a measure would be wise we greatly doubt.

The local money market is moving forward in the ordinary channel with no new feature worthy of comment.

New York Market.

NEW YORK, May 17.—Merchandise market unusually quiet; flour dull, weak and unsettled; no buyers for round lots and concessions made on small lots. Wheat dull, buyers and sellers far apart, no sales. Pork, active export demand at a decline to 14.90. Teas in better demand, prices steady, the auction sale to day is generally conceded to show rates fully sustained. Merynne sold 14@85½, Pingsuy 38½@68, uncolored Japan 19@67, Congou 17@52½, Oolong 21½@28½. Sugars quiet, unchanged. Hides unchanged, holders very firm. Petroleum steady.

Domestic Produce

We have few comments to make on this branch of trade to-day, the course of the market for a week past having been remarkably quiet with very few transactions to which the trading public attaches much importance. Occasionally a lot of wheat is offered, but in most instances it is held considerably above the views of shippers, and millers are only purchasing to supply their present actual necessities. The shipments to San Francisco consist of the aggregate of parcels gathered from different points, and will soon show a falling off, as the wheat in reach is nearly exhausted. Prices for both wheat and flour have been very steady at our quotations for several days past, and we anticipate no important change for some time to come.

Oats are still coming forward quite freely for the season, and rather in excess of expectations. Prices are rather weaker than at our last weekly report. Choice lots command 2c per lb, but for milling purposes only. Hay is unusually dull, and holders are often unable to place fair lots at any price, especially if not baled. Mill feed is not in large supply, but the demand is also limited. Provisions are in fair request at quotations. Dairy products are only in moderate demand, and with only a limited call for shipping trade prices are somewhat weaker. Eggs are dull at 15@16c per dozen. Wool is coming forward in small lots, and prices range as to quality from 16@22c, the latter only for choice.

Groceries.

We furnish the following as jobbing rates for staple groceries: Coffees, Central Am and Costa Rica, 20c; o d Gov Java, 25@27c. Syrups, extra, 70@75c; molasses 40@45c. Sugars, crushed 12½@13c; Cal C, 11@12c; Island No. 1, 10@10½c; No. 2, 10c. Salt, coarse Liverpool, 75@80c per 100 lbs; fine, $1. Rice, China No 1, 6½; Hawaiian, 6@6½; Carolina, 7@7½. Tea is in fair supply and price steady at the usual rates.

San Francisco Markets.

WONDERFUL SUCCESS OF

DR. A. M. BRENAN

In the Treatment of Chronic Disease.

Positive Proof of his Wonderful Skill.

Testimony that Cannot be Contradicted.

Reliable Witnesses Testifying What he has Done for Them.

Perfect Cures where all other Treatment had Failed.

Crowds Coming from all Ports on the Sound to Visit Him.

The Following Certificates Speak for Themselves:

TO DR. PAUL M. BRENAN, Tremont House, Seattle:—For the past year and a half I have been suffering from Nervous and General Debility, Kidney Disease, Loss of Flesh and Strength, dizziness in the head and a constant pain through the back and loins. I became so debilitated and broken down that I was unfitted for business. I have been to Victoria and all over the coast under medical treatment for the past nine months, without receiving any benefit whatever, and had almost given up hopes of ever recovering, until I came under your treatment, about seven weeks ago. From the very first your treatment seemed to work like a charm, and I constantly improved from the beginning. I have gained 14 pounds of flesh, and I am now, thanks to your skillful treatment, perfectly well, and am able to return to my business on the Snohomish. JAMES KING.

Seattle, March 31, 1877.

To the People: I have been troubled with chronic Nasal Catarrh for years, the disease being so aggravated that there was constantly an effusion of matter passing down into my throat behind the palate and down through my nostrils.

My nose became depressed between the eyes and swollen on each side. I was told by physicians that it was a polypus; that some of the blood vessels were involved and that the removal would end in my life by hemorrhage. I became so bad that I made up my mind that I must have immediate relief or die.

As a last resort I applied to Dr. Paul M. Brenan, who, after a moment's examination, determined what to do. He said the nasal bone was involved and diseased, and that there would have to be a portion of it removed. He at once removed the bone tumor containing the ulcer; also the diseased part on of bone and pancratory gland and cured the catarrh. I am now perfectly well and as free from disease as ever I was in my life.

THOMAS D. MURPHY.

Seattle, April 5th, 1877.

DR. PAUL M. BRENAN—*Dear Sir:* I take great pleasure in stating for the benefit of those who are afflicted with any chronic disease, that *I am now a well man.* For the past two years I have been under the medical treatment of different physicians, from which I have received no benefit. I have been suffering with general and nervous debility, a difficulty in my stomach, and at times dizziness and severe headache, almost incapacitating me for work. About three weeks ago I put myself under your care, and I can say with delight that I am cured and feel like myself again, after having partaken of your skillful treatment. To me now labor seems a pleasure. I say this much, hoping it will be the means of attracting the suffering to you who can relieve and cure them.

Yours Truly, JOHN BALLARD.

I will not publish any cures performed by me unless by the full consent of the parties.

MUNICIPAL DEBTS.

The rate at which most of our principal cities are galloping toward bankruptcy is one of the most significant and really alarming facts of the time. New York City now owes $160,000,000, and the debt increases in spite of all efforts to check its growth. Since Tweed was deposed, the debt of the city has increased more than fifty millions, a fact which indicates the hopelessness of reform under any method yet employed. Taxation of the city is thirty-three millions per annum, or thirty dollars to each inhabitant, while national taxation does not exceed six dollars for each inhabitant of the United States, including all charges on account of the national debt. To support the government of the whole Dominion of Canada, with the entire system of internal improvements in progress, costs one-third less money than the municipal government of New York. In Philadelphia, Chicago and Brooklyn, it is equally impossible to arrest the tendency to profligacy and financial ruin, on any principle yet discovered. During the last seven years the debts of 130 cities in the United States have increased from $269,000,000 to $744,000,000, which is but little less than two hundred per cent. This is a frightful exhibit. By those who have studied the subject it is admitted that no remedy yet tried is worth anything whatever. More radical measures than any yet adopted are necessary to effect a change.

In the legislature of the State of New York this subject is being considered, and after very full discussion the conclusion is stated that the root of the evil is in ignorant and irresponsible popular suffrage, which enforces communistic principles through the forms of local law. The men who vote the taxes are actuated simply by one purpose, that is to say, they intend to make the holders of property divide with them. Under this view of the case the legislature of New York proposes an amendment to the constitution of the State restricting suffrage on all municipal questions relating to taxation and disbursements, to persons who themselves are liable to taxation. In other words, a property qualification to this extent is proposed. The whole people of the State are to vote on the amendment, which may or may not pass; but inasmuch as it does not restrict suffrage on political questions, it is not likely that the vote on the amendment will be divided on party lines. If municipal officers are responsible only to taxpayers they will have it in their power to prevent the augmentation of municipal debts, and will find it to their interest to do so. But in the great cities, where their tenure depends on an irresponsible popular suffrage they are unable, as experience has shown, to resist the pressure for prodigal expenditure. Organizations of men numbering many thousands and armed with the ballot, demand that the city shall give them employment at stipulated wages and short hours, and if it be not done they will vote so as to compel it. In such a state of things politicians take care of their own interests by professing to become the champions of popular rights; public improvements are carried on in the name of public spirit and necessary enterprise; and the municipal debt increases at an alarming rate, attended by a growing taxation that swallows all the profits of legitimate business. The whole charges cannot possibly be borne as they accrue, and therefore the evil day is postponed for a time by increasing the debt and creating burdens for the future. It is easy to see the result to which all this tends. If not arrested, this augmentation of municipal debts will bring bankruptcy and then revolution.

AN IMMENSE HONOR.

It was exceedingly important that Oregon should have a bureau appointment at Washington. Not only did the State need it, but the whole country required it, and the value of the honor is heightened immeasurably by the character of the person who is to have the position. A comptrollership is a big thing, particularly for a man who has not standing and ability enough to make a living without one. It is a good place in which to stow away a small politician who is played out at home, and finds departure an agreeable thing. Besides this is a first rate way to pay a debt for personal service. It is a new incident, moreover, in the enforcement of political reform. With a comptrollership of the treasury in the hands of W. W. Upton, the business interests of the country will surely revive. President Hayes and Secretary Sherman at last give an indication that they have an adequate comprehension of the wants of the country. Croakers who were complaining of the indifference of the administration to business interests will now be put to confusion and shame.

It is W. W. Upton, which was Chief Justice rotated into that position by the constitution of Oregon. But when the term expired, he prudently declined to allow the people of the district to tell him by their votes what they thought of his services as justice and chief justice; and therefore, though he *hankered* for another term as few men ever did, discretion prevailed and his name was withheld. His party dared not encourage his nomination, knowing it would be a defeat at the rate of two to one.

A man who is altogether competent is obliged to retire from an important position to make a place for one grossly and notoriously incompetent for such a trust. The change is to be made to meet the requirements of those who are jobbing in official places, and the proceeding is called civil service reform. The comptrollerships are positions requiring decided abilities for business. Everything that Judge Upton is most deficient in is required as an important qualification for the place for which he is named. Were he known personally to the President of the United States it is not possible that he ever could receive the appointment. When men in office, against whom no complaint can be made, are expelled to make room for hack politicians possessing no ability whatever for business, and having nothing to commend them but the fact that they are the personal adherents of some man who holds ephemeral power, it is altogether proper to ask how much real progress the new principles that were to regulate the civil service are making. A more improper and totally unfit appointment for such a place could not possibly be suggested. But we are told that the Pacific coast had no bureau officer. Since the entire country west of the Rocky mountains has now been "recognized," three States and as many Territories will no doubt try to bear their honors with becoming modesty. This is the thing, we are told, that they were crying for. It will be thought by some a bigger and better thing for Oregon than even a railroad.

According to the Des Moines *Register*, the Republican press of Iowa is nearly unanimous in opposition to the President's Southern policy. It gives a list of fifty papers or more published in that State which speak out with more or less directness against it. But so far as we can discover they fail to tell what else it was possible for the President to do.

A NEEDED CHANGE.

On all sides it is admitted that a change is necessary in the administration of State affairs. Criticism of those who have been at the head of the State government since 1870 is heard about as frequently from Democrats as Republicans. It is notorious that during this period the debt of the State has been vastly increased. In a large measure this has been the result of a scheming partisanship which has made the public interests subsidiary to individual purposes. For years it was an open secret that Gov. Grover was using all the influence his position gave him to prepare his way to the United States Senate. When an Executive has such a purpose in view, a wholesome administration of public affairs is scarcely to be expected. Naturally he is swayed a great deal by what his political interests seem to demand. Under such conditions it requires an unusual degree of independence and strength to deal, without partiality, with measures in which the legislators and politicians of his party may be concerned. If he offends them he loses their support; hence he is not free to look carefully after the interests of the State, which may be involved in measures of legislation. It is not probable that Gov. Grover would have given his assent to management which has so greatly increased the State debt, had he been perfectly free to act. Constrained, however, by the necessities of his course in politics, he gave us an administration whose results are criticised by members of his own party with quite as much vehemence as by his political opponents.

There will be a loud demand for a change of administration, in order that there may be a thorough sifting of the affairs of the State. The people desire to be informed, more fully than they have yet been, what the State's actual financial condition is. It is believed that in the matter of the swamp lands an investigation will yield some interesting results. The condition of the school fund in many places where it has been loaned is also deemed very unsatisfactory. It is widely believed that it was loaned formerly in many cases in such a way as to secure political influence, and that the result is insufficient security. These are but branches of the whole subject of inquiry. A change of administration is probably the only method by which full information can be reached, and this awaits the result of the next election. The present Governor is considered a part of the system of the last seven years, and is the heir to it. In the public mind he is therefore associated with the inquiry to be made. It is said that he is looking to the Senate too. It will be desirable to get a Governor who will perform the duties of his position, and not try to use it as a means to reach a place he may think more desirable. The demand for better methods of administration is not applicable to the national government alone. In our next elections it will include State and municipal affairs.

What was Chamberlain's noise all about? Now that the agony is over and Hampton is Governor, Chamberlain frankly admits that the President could have done nothing else than withdraw the troops from the State House at Columbia. To a majority of the American people this was apparent from the very first. They looked at it from another standpoint than that occupied by Mr. Chamberlain when he was filling the ears of the country with supplication and remonstrance against the removal of the troops. But his good sense has come back to him, now that he is able to look at the matter from a higher point of view.

Kars, says the New York *Times*, is considered by the highest military authority the military key to Asia Minor. Having possession of it, the Russians will find a comparatively easy access south to Erzeroum, and then, either capturing or masking this place, they can descend into the fertile plains of Trebizond and take or destroy an enormous quantity of the agricultural wealth of the Ottoman empire, and finally gain a foothold at Trebizond, or some other point on the Black Sea.

Now our British Columbia brethren will feel better. The Russian fleet at San Francisco has been ordered to the Persian Gulf. Victoria will now be able to sleep o' nights, and the home guards may disband.

Those "circumstances" under which ex-Gov. Carpenter of Iowa is compelled to vacate the comptroller's office are truly "refreshing." The Chicago paper is right.

MEETING Y. M. C. A.—Last Monday evening regular monthly meeting of the Y. M. C. A. was held, preceded by a business meeting of the managers. The resignation of Mr. M. C. Wilkinson as president of the association was read and accepted, and a committee of four appointed to draft suitable resolutions expressing the regret of the association and its high appreciation of his valuable services. Gen. O. O. Howard's resignation as member of the board of managers read and accepted. Mr. George H. Himes of the Congregational Church, was elected to fill the vacancy caused by Gen. Howard's resignation. Mr. I. A. Macrum was elected president for the balance of the term, but declining to serve in the office, further action in the matter was postponed until the next regular meeting of the association, occurring on the second Monday in June. In the interim Mr. D. W. Mansfield is ex-officio president of the association.

MISSIONARY LIFE.—The *Catholic Sentinel* says: "Rev. T. Mesplie, of Boise City, Idaho, has been for several years engaged in the composition of a valuable work to be entitled 'Thirty Years of Missionary Life.' It has recently been completed and will be published in France, the work being written in the French language. Prior to its appearance in book form it will be issued as a serial in the *Annales de Deux Mondes*. It is to be hoped that the work will be translated into English and published in this country, where the Rev. author has lots of friends who would be pleased to read of his missionary experiences.'

DAMAGES CLAIMED.—An action has been commenced in the U. S. District Court by a man named William Gibbons, against Capt. J. A. O'Brien, master of the bark *Grand James*. Gibbons was a sailor on board the vessel during the voyage from Hongkong to this place. He alleges that he suffered cruelty during the passage, cruel and unusual treatment at the hands of the master, and claims damages in the sum of $500. This morning the case will come up in the U. S. District Court for hearing.

Jennie Winston's benefit.

Theatric season almost over.

Business to-morrow afternoon.

Come up and in working order.

Remember the benefit this evening.

Last of weeks commenced last evening.

Little cloudy yesterday, but quite pleasant.

Are too poor to afford a button-hole boquet.

Gen. W. Elder will sail hence Monday night.

Reserved seats can be procured for the opera at Ady's music store.

The Olympic Club is reported to be in a prosperous condition.

The *Elder* brought about 400 passengers and a ton of assorted freight.

Confirmation services this morning at the Temple Israel Synagogue at 10 o'clock.

The blonde-haired young man now spends his leisure moments in practicing croquet.

On Saturday (26th inst.) E. C. Bronough, Esq., will address a Sunday school picnic at Salem.

Father Herman will celebrate Mass at the new Catholic church, McMinnville, on Sunday, 27th inst.

Messrs. Geo. H. Atkinson and S. G. Skidmore were passengers on the steamer *Geo. W. Elder*, which arrived here yesterday.

Yesterday, two hotel-runners were each fined $5 by Judge Adams for engaging in their occupation without the required license.

Mr. J. K. Gill has placed this office under obligations for an excellent map of the seat of the Eastern war. No reader should do without one.

A stated communication of Portland Lodge No. 57, A. F. & A. M., will be held this Friday evening in their lodge room, Masonic Temple, at 7½ o'clock.

In our report of the Common Council, we made us say that A. r. Joseph Buchtel's motion against the city was $30. It was written $300. Quite a difference.

Next Saturday being the vigil of Pentecost will be a fast day. The Wednesday, Friday and Saturday of next week will be Ember days and are also fast days.

The Catholics of Gervais have selected a suitable plot of ground, about half a mile from the town for a cemetery. A number of members of the congregation are busy fencing it.

Mr. J. M. Bacon has our thanks for numerous favors and courtesies received during the session of the Grand Lodge, I. O. O. F. He is not only an active, efficient officer, but a most accommodating gentleman.

Messrs. Howard and Capt. Wilkinson are expected to return to Port and about May 22d. Joseph and White Bird, two Nez Perce chiefs, and half a dozen followers, have gone upon the reservation assigned, and all danger of trouble from them is over.

It is stated that the newly appointed consul to Canton is sitting humbly at Ah Sin's feet, taking lessons in Chinese cryptography, which requires him to learn those symbols, and triumph over all lingual difficulties in pronunciation. Under such circumstances our man has to fashion anew the organs of speech, so as to shoot out his words like corks popping from soda bottles.

AMUSEMENTS.

WINSTON'S BENEFIT.—This evening Miss Jennie Winston, the charming singer and actress and the recipient of a complimentary benefit tendered her by her numerous friends and admirers. On this occasion, the ever attractive comic opera "Kalla Giroffa," will be repeated for the last time. Miss Winston is a most deserving favorite with the people of this city, and we feel assured a crowded house will greet her this evening.

CLOSE OF THE SEASON.—To-morrow evening will close the brief operatic season in this city. Financially speaking, the season has not proved as successful as could have been desired, but when it is considered that the patronizers of these shows have had such frequent calls upon their purses for the past four or five months, the liberal patronage has not been discouraging. The gross receipts are not as large as could be desired, or was antic pated at the opening of the season, yet when compared with the success which has attended preceding seasons, the management has reason to feel quite hopeful and encouraged. The average presentations of talent and comic scenes here have given the most unqualified satisfaction, and have been without exception received with favor. The members of the company have made many warm friends during their stay among us, and will carry away the best wishes of a host of admirers. To-morrow afternoon a matinee performance will be given when "The Bohemian Girl" will be repeated for the last time. To-morrow evening Mr. Geo. F. Tilbury, the efficient and gentlemanly advance agent and manager of the company will be the recipient of a benefit. Mr. Tilbury is a popular gentleman, and a crowded auditorium may be confidently anticipated.

PICNICS.

EXCURSION.—The steamer to convey the excursionists to the Cascades to-morrow morning, will leave the Central Wharf at the foot of Washington street at 7 o'clock. She will then cross the river and land at the foot of J street, East Portland, to receive on board the company from the east side. All those intending to participate in the pleasures and benefits of the grand excursion should purchase tickets at once on hand in good season. On reaching the Cascades a special train of passenger cars will be in readiness for a trip to the Upper Cascades, passing slowly along the entire distance, five or more hours giving all a good opportunity of viewing the wonderful portion of the Columbia river, while the question of national interest is pending, whether it were better to remove the present rocks in the channel of the river, or make a new channel to go all around them? No one should fail to pass over this route. Single tickets for the round trip, two or more 75 cents each. Less than one-half the ordinary rates.

TWENTY SECOND ANNUAL SESSION OF THE GRAND LODGE.

Second Day—Evening Session.

The Grand Lodge convened at 9 o'clock, P. M., a quorum of officers and members being present.

The committee on appeals submitted the following report which was on motion adopted:

To the R. W. Grand Lodge of Oregon: Your committee on appeals to whom was referred certain papers purporting to be an appeal of P. M. Woosley, of Silver Lodge, No. 21, would report that we find that papers presented to us are not authenticated as required by law. Your committee therefore recommend that said papers be returned to Silver Lodge, No. 21, with directions to re-elect the appeal in said case in accordance with the decisions of the M. W. Grand Master, found on page 2,016, Journal G. L. of Oregon. Fraternally submitted.

J. J. WALTON,
T. A. DAVIS
A. N. GAMBELL,
J. H. LYON,
A. D. HELMAN,
Committee.

On motion of A. J. Marshall, P. G., the Grand Lodge resolved itself into secret session.

After some time spent therein the Grand Lodge resumed the regular order of business.

The following resolutions were read and adopted:

Resolved, That all appointed officers of the Grand Lodge shall deposit their regalia and jewel with the Grand Secretary upon the adjournment of the Grand Lodge.

Resolved, That all elective officials of the Grand Lodge shall be required to either deposit the regalia and jewel or to receipt to the Grand Secretary for the same.

Adjourned until 9 o'clock A. M. to-morrow.

Third Day—Forenoon Session.

The Grand Lodge met pursuant to adjournment. A quorum of officers and members was found present. On motion of Bro. J. J. Walton, the installation of Grand Lodge officers was fixed at 4 o'clock P. M. to-day.

Brother Wm. Billing, of Olympia Lodge No. 1, was introduced, and the Grand Lodge degree was duly conferred upon him.

The committee on appeals, in the case of Wm. H. Parker, from the action of Cornelius Lodge No. 40, recommended that the action of the lodge be reversed, and that the case be referred back to the lodge for a new trial. Report adopted.

The legislative committee reported adversely on the action of a lodge in refusing to pay sick benefits to a brother in good standing on the ground that said sickness was brought on by unnecessary exposure. Report adopted.

The following questions were answered by the legislative committee:

Question—Has a lodge jurisdiction of a brother who has been dropped for non-payment of dues over one year? Answer—A brother ceasing membership for non-payment of dues is not amenable to the laws of the order from the time of such ceasing membership.

Question—Can charges be preferred against such a brother, he having made application for a certificate of dismissal? Answer—Charges cannot be preferred in such a case.

The following amendment to the constitution was read and laid over under the rule:

Resolved, That sec. 3 of art. I of the constitution of this Grand Lodge be amended as follows:

Section 3. Every lodge shall be entitled in the Grand Lodge to one representative for its charter and one representative for every one hundred members in good standing, and one for every fraction of more than half the number; *provided*, that any lodge not having fifty members shall be entitled to one representative for membership in addition to representation for charter; and shall be elected by the lodge at any regular meeting within two months previous to each annual communication, to serve one year from the beginning of such annual communication. Vacancy as may be filled at any time to serve the remainder of the term.

The report of the special committee on the death of S. S. Slater, P. G. M., was read and, on motion, referred back to the committee with instructions that it be placed on memorial page.

To the M. W. Grand Master, Officers and Brothers of the R. W. G. Lodge of Oregon, I. O. O. F.: Your special committee to whom was referred the death of Brother P. G. M. S. S. Slater, report that he died in Idaho Territory. He was a member of the first Grand Lodge, which was organized in Portland in 1856. He was elected R. W. D. G. Master in 1858, and M. W. G. Master in 1859, and in 1860 R. W. G. Representative. His official record is the highest tribute of respect within our power to give.

Resolved, That a page in the proceedings of this Communication, suitably inscribed, be devoted to his memory.

The special committee on death of J. H. Douthit, P. G. M., submitted a report, which was, on motion, referred back to the committee.

To the M. W. G. M., Officers and Brothers of the R. W. G. Lodge of Oregon, I. O. O. F.: Your special committee, to whom was referred the death of Brother J. H. Douthit, P. W. master, report that he died at his home, in Wasco county, Oregon, October 26, 1876. Well and widely known, his very name a synonym of benevolence, his death was a public calamity, mourned by thousands throughout the State. He labored with hand and head and heart for the advancement of the order of which he was an honored member. Wise in counsel, ripe in experience, earnest in action and undeviating in principle, he went in and out among us, loved and esteemed by all. He was foremost in all those enterprises which were calculated to build up and develop the interests of our young and growing commonwealth, and enhance the welfare of its citizens; but his work is done. Those hands, so often opened to supply the destitute and to wipe the tear from the face of sorrow, are clasped in death; that heart, so full of tenderness and sympathy, has ceased to beat; and that manly form rests on death's leaden pillow. We see his face and hear his voice no more. We mourn his loss, but we mourn in hope. He lives! like the star that sinks below earth's horizon, only to reappear, radiant with immortal life, where every ray of friendship true will be recalled to swell the light of Heaven.

Resolved, That a page in the proceedings of this communication, suitably inscribed, be devoted to his memory, and a copy of this resolution be forwarded to the family of the deceased by the Grand Secretary, under the seal of the Grand Lodge.

On motion of A. L. Stinson, P. G. M., the decision of D. D. G. M. Kenworthy on appeals from Samaritan No. 2 was taken from the legislative committee and referred to a special committee consisting of J. C. Church of No. 9, J. M. Settle of No. 44, H. G. Godly of No. 4, L. Field of No. 6, I. T., and John Knight of No. 13.

The following resolution was read and adopted:

Resolved, That Past Grand Masters E. St. John A. G. Hovey, E. L. Bristow, A. L. Stinson, A. J. Marshall and T. M. Gatch be allowed the same per diem and mileage as other Grand officers and Representatives for their attendance at this session of the Grand Lodge.

The committee on appeals submitted the following report, which was adopted:

The committee on appeals, to whom was referred the appeal of Bro. J. K. Spencer from the action of Cornelius Lodge No. 40, in expelling him for contempt, respectfully report that we find the action of said lodge irregular in the following particulars, to wit:

1st. Due notice does not appear to have been given the accused of the time and place of trial.

2d. Due notice was not given the accused of the verdict rendered, but, on the contrary, the trial committee submitted their report, the lodge adopted it and expelled the brother on the same evening.

3d. The full committee were not present at the trial.

Other errors exist, but we deem these sufficient. We recommend the adoption of the following resolution:

Resolved, That the action of Cornelius Lodge No. 40 in expelling Bro. J. K. Spencer be reversed and the lodge directed to grant Bro. Spencer a new trial.

The committee on appeals submitted the following report, which was adopted:

Your committee on appeals, to whom was referred the appeal of L. W. Darling from the action of Eureka Lodge No. 32, find the following facts disclosed by the records:

1st, That Bro. L. W. Darling was guilty of using very offensive and unbecoming language against the Brothers of said Eureka Lodge No. 32, in calling them thieves and robbers.

2d. That Bro L. W. Darling was suspended by said Eureka Lodge for the term of ten years.

Your committee are of opinion the penalty fixed by Eureka Lodge No. 32 in suspending Bro. L. W. Darling for ten years is unreasonable being equivalent to an expulsion; and contrary to the intent and spirit of the law of the Order. We would, therefore, recommend that the action of said Eureka Lodge be reversed; that the case return to said Lodge; that the said Lodge be directed to fix a reasonable term of suspension.

The committee on laws of subordinates, submitted the following report, which was adopted:

Your committee on laws of subordinates to whom was referred the accompanying resolution of Representative Lyon, of Samaritan Lodge No. 2, proposing an amendment to section 5, art. 6, of the Constitution of Subordinate Lodges, beg leave to report that we have considered said resolution and recommend that the same be adopted.

Resolved, That art. 6, sec. 5, of the Constitution of Subordinate Lodges be amended, so as to read as follows:

Sec. 5. Nominations for elective officers shall be made only on the two meetings immediately preceding that of the regular election except when the nominees for an office all decline, or when there shall be but one candidate for an office, and upon a ballot being had he shall receive less than a majority of the votes cast.

The amendment to the constitution proposed at the May session, 1876, was then taken up, which was lost, not having received a two-thirds majority.

The report of the special committee on the death of J. H. Douthit, P. G. M., was again submitted and adopted by a rising vote.

The special committee on the death of S. S. Slater, P. G. M., which was adopted by a rising vote.

The committee on correspondence submitted a lengthy report which was adopted.

The following resolution was read and referred to the committee on the state of the order:

Resolved, That the General Relief Committees now organized, or that may be hereafter established by Subordinate Lodges in this jurisdiction, are hereby authorized to have and keep a seal of such design and form as each in its judgment may select to be used in authenticating their official correspondence.

The following resolution was submitted but lost.

WHEREAS, It does not clearly appear what the Grand Lodge intended to enact by Sec. 1, Art. II, of the Constitution of Subordinates, therefore,

Resolved, That the Legislative Committee be requested to construe the same so as to give it an intelligent meaning—failing in which, to prepare and introduce an amendment thereto.

On motion the Grand Lodge adjourned until 3 o'clock P. M.

Afternoon Session.

The Grand Lodge met pursuant to adjournment, a quorum of officers and members being present. The following resolution was adopted:

Resolved, That the Grand Secretary be authorized to prepare and have printed proper blanks for the use of Recording Secretaries in forwarding statistics of expenses, benefits and other information required to be furnished Deputy Grand Masters by the lodges in their respective districts.

Several members were granted leave of absence.

The decision rendered by D. D. G. M. Kenworthy in relation to the matter of C. T. Snyder vs. Samaritan Lodge No. 2, which was referred to a special committee, was affirmed and the report adopted.

The legislative committee reported answers to questions as follows:

Question No. 8—An application is made for membership by deposit of card, the applicant being present; the petition is referred to a committee and at the same meeting a motion is made to suspend the rules and instruct the committee to report immediately. The motion prevails, the report made, candidate balloted for and elected. Under such circumstances can the candidate come forward, sign the constitution and become a member? In case he does is he a member of the lodge?

Answer—No.

The bonds of the R. W. Grand Treasurer were received and on motion accepted and approved.

On motion of W. J. Snodgrass, M. W. G. M. elect, the grand secretary was instructed to send all lodges in this jurisdiction a notice of the murder of Bro. Halsey W. Chamberlain, of Covenant Lodge No. 6, I. T., by one C. B. Mosher.

On motion of James Cummings, the committee on the history of Odd Fellowship was authorized to have said history published with the proceedings of the present session.

The finance committee recommended that the following appointed officers receive pay as follows: E. H. Stolte, grand marshal, $6; W. S. Powell, grand conductor, $8 25; J. W. Swan, grand herald, $14 50; and the Grand Lodge so ordered.

On the recommendation of the legislative committee section 1, article 2, of the Constitution of Subordinates was amended so as to read as follows:

Sec. 1. All candidates for initiation must be free white males of the age of twenty one years and upwards, of sound health, of good moral character, and believe in the existence of a Supreme Being, the Creator and Preserver of the Universe, and be proposed in the Lodge nearest his residence, except that Lodge grant permission for his giving another Lodge. Permission shall be given by ball ballot, and two black balls shall deny the permission.

INSTALLATION.

The following elective and appointed Grand officers were then duly installed:

W. J. Snodgrass, of Blue Mountain Lodge No. 11, M. W. Grand Master; H. H. Gilfry, Chemeketa No. 1, R. W. Deputy Grand Master; John Kenworthy, Orient No. 17, R. W. Grand Warden; Jno. M. Bacon, Oregon No. 2, R. W. Grand Secretary; I. R. Moores, Chemeketa No. 1, R. W. Grand Treasurer; J. F. Backenstо, Albany No. 4, R. W. Grand Representative; I. W. Case, Beaver No 35, R. W. Grand Marshal; E. E. Turk, Blue Mountain No. 11, R. W. Grand Conductor; C. v. Wintzingerode, Minerva No. 19, R. W. Grand Guardian; Jos Enery, Barnum No. 7, R. W. Grand Chaplain; F. M. Gabert, Myrtle No 38, R. W. Grand Herald.

The following were elected Grand Lodge trustees: J. M. Shelly, No. 12; J. J. Murphy, No. 1; J. J. Walton, No. 66. The bonds of the trustees were fixed at $500.

The following resolution was adopted:

Resolved, That the Grand Secretary be directed to have printed in the appendix of the journal of this session the constitution of subordinate lodges as amended.

The finance committee reported the expenses due the officers and representatives in attendance at the Grand Lodge, which report was adopted.

The Grand Lodge adjourned until 9 o'clock P. M.

At Smith's mill near Dayton on Wednesday, William Lambert was caught under a falling pile of lumber and terribly crushed. The back part of his head was taken off, his right arm was broken and his left arm unjointed and the bone driven far into his side. The legs, abdomen and back were crushed horribly. He was still alive at last accounts, but how he could live was a miracle. He has a family and was one of the owners of the mill.

H. C. Raymond, Postmaster at Gaston, warned by the Watts difficulty, publishes this in the *Independent*: "To the President of the United States, or the head man of the Post-office Department at Washington, greeting: I hereby tender my resignation as postmaster at Gaston, said resignation to take effect just one hour before I am elected to or receive an appointment to an office more desirable than postmaster." Good for Henry's prudence. Truly the experience of Watts is a beacon light.

The Yamhill *Reporter* gives this version of a difficulty at the Hewitt schoolhouse in that county, where a school director was "done for" by the girls: "A young lady was teaching the school, but had some trouble with one of the directors who discharged her and assumed control of the school himself. The first day his authority was a success, and he made a young lady stand out on the floor; but the next day his female pupils consolidated themselves against him, bound him hand and foot, took him down and gave him a regular old fashioned thrashing."

Cheerfulness the Offspring of Health.

That equable state of mind which is unruffled by trifling incidents, and looks on the sunny side of things in general, is the result of, a healthful state of the brain and stomach. The dyspeptic and nervous invalid may—although this is rare indeed—feign cheerfulness and bear the harassing symptoms which persecute him within assumption of heroic indifference, but in reality he is the victim of despondency. To experience genuine cheerfulness of mind, the stomach must recover its lost tone, the thinking organ its normal quietude. Hostetter's Stomach Bitters are the best remedy for mental depression, since they overcome the nervous debility and indigestion which originate and foster it. Persons suffering from infirmities peculiarly incident to the decline of life, ladies in delicate health, and convalescents, derive solace and vigor from its use. Drive away the blues and revive the drooping energies with this grand stimulative tonic.

Good Advice.

Now is the time of year for Pneumonia, Lung Fever, etc. Every family should have a bottle of BOSCHEE'S GERMAN SYRUP. Don't allow for one moment *that* cough to take hold of your child, your family or yourself. Consumption, Asthma, Pneumonia, Croup, Hemorrhages and other fatal diseases may set in. Although it is true GERMAN SYRUP is curing thousands of these dreaded diseases, yet it is much better to have it at hand when three doses will cure you. One bottle will last your whole family a winter and keep you safe from danger. If you are consumptive, do not rest until you have tried this remedy. Sample bottles 10 cents; regular size 75 cents. Sold by your Druggist. Agents, Crane & Brigham, Wholesale Druggists, San Francisco.

Sailed Away.

SAN FRANCISCO, May 16.—The Russian gunboats *Albrecht*, *Bayan* and *Vsadnick* sailed today under sealed orders, though it is given out they are to return to the Siberian station.

The steamer *Belgic* sailed to-day for China and Japan, carrying $1,950,000 in treasure, mostly fine silver, and a great deal of it on European account. This is the largest treasure shipment that ever left this port.

Pinney Proceedings.

Pinney's cross-examination was completed to-day, and Billy Carr will probably take the stand this afternoon.

William G. Carr was examined before the commissioner of the fourth district court this afternoon concerning his business relations with George M. Pinney. He flatly contradicted Pinney's sworn statement that the latter had left property in witness' hands to be devoted to paying off certain indebtedness to banks, etc., which statement Pinney clinched by showing a written agreement to that effect. Witness said he first became acquainted with Pinney in 1873, held some property of his subject to certain claims; held no property over and above Pinney's obligations to him; never executed the agreement which Pinney had produced; never saw it and knew nothing of it till Pinney referred to it in his evidence.

Suicide.

SAN JOSE, May 17.—This morning, about 6 o'clock, Samuel Knapp, a farmer residing about six miles east of this city, committed suicide by shooting himself through the head. Deceased was a native of Wayne county, Ohio, aged 57, and has been subject to fits of insanity for many years, and about eight years ago made an attempt to kill himself by cutting his throat.

Incendiarism.

GILROY, May 17.—Last night at 12 o'clock the residence, dairy and barn of Hugh S. Jones, situated five miles from here, on the road to San Felipe, were simultaneously fired by incendiaries and totally destroyed. The family were awakened soon after the fire commenced, and Mr. Jones, on rushing out, saw two men running away. He shot twice at them before they scaled the fence and they returned the fire, neither being injured. Jones only succeeded in saving his horses and a small amount of furniture. Loss, about $10,000; insured for $4,500.

Rain.

The rainfall on the 15th and 16th amounted to a quarter of an inch, which will bring out many fields considered hopelessly gone, and we will probably have nearly half a crop of grain. Weather fine.

The Council of 13.

SACRAMENTO, May 16.—The Council of Thirteen of the Order of Caucasians have expelled P. S. Dorney from the order for forging the name of the Grand Secretary and wrongfully using the official seal of the order. Dorney was one of the originators of the order, and at one time held the offices of Grand Chief and Grand Lecturer of the leading Encampment. He does not take his expulsion amicably, and designs retaliating. He went before the grand jury to-day and preferred criminal charges against certain members of the Council of Thirteen. Judge Clark has issued an order to W. B. Keller, Supreme Secretary, to produce the books of the order for the inspection of the grand jury. Dorney says he intends to expose the order, which he asserts is engaging in illegal and criminal proceedings. Officers of the Council al deny any wrong conduct, and assert that all rules of the order are practicable and law-abiding. The investigation is in progress before the grand jury. This body will make its report this week, when interesting developments are expected.

NEVADA.

Official Corruption.

VIRGINIA, May 16.—The grand jury last night reported irregularities, mismanagement, and in some cases actual corruption in various departments of the city and county. The government hospital has been grossly mismanaged, and double prices paid for groceries and other supplies.

American Opinions Asked.

LONDON, May 17.—The secretary of Cobden Club has received several replies to his letter asking for American feeling about adhering to the declaration of Paris. Charles Francis Adams expresses regret that the government did not adhere to the declaration, and believes America will ultimately regard the policy embodied in that document as the best for her as well as for the rest of the world.

The Code Duello.

ROME, May 17.—A duel with swords has been fought between Deputy Pierantoni, son-in-law of the minister of justice, and Signor Albanez, a writer in the *Fanfulla*. The latter was somewhat seriously wounded in the arm. The cause was an editorial criticism. Members of the press have protested to the Chamber.

A Relief to British Columbia.

LIVERPOOL, May 16.—The *Courier's* London special says the Indian office has information that the Russian vessels at San Francisco have been ordered to the Persian Gulf.

The Pope's Health.

ROME, May 16.—The Pope's health again causes disquietude, perhaps with more reason than previously. He has no special ailment. He is in good spirits but is extremely and increasingly weak, and has again taken to being carried in a chair, which he does not leave during the audience. Audiences continue almost daily and are a source of considerable uneasiness to the Pope's medical attendants.

The Cattle Plague.

There has been an outbreak of rinderpest since May 8th.

FINANCE AND COMMERCE.

Financial.

THURSDAY EVENING, May 17, 1877.

Gold in New York, 106¼.

Legal Tenders in Portland—buying 93¾; selling, 94.

Silver Coin—4@5 per cent. discount.

The steadiness of the New York gold quotations is remarked in our exchanges as an evidence of continued confidence in the soundness of the financial policy of the government, and it now seems that Secretary Sherman has a well defined plan to carry out the act of Congress providing for the resumption of specie payments on the 1st of January, 1879. Notwithstanding the ridicule which was applied to this measure by its opponents, it is very likely that it will be accomplished at the appointed time, and that without any special disturbance of the business interests of the country.

Our dispatches to-day contain much news of a financial and business character, among which are noticeable the transactions with the syndicate by the Treasury Department, the silver bill passed by the Illinois legislature, etc. Illinois is the third of the Western States to enact a similar law, and the fact indicates that a general Congressional act on the same subject will have a very large support in the next Congress. That such a measure would be wise we greatly doubt.

The local money market is moving forward in the ordinary channel with no new feature worthy of comment.

New York Market.

NEW YORK, May 17.—Merchandise market unusually quiet; flour dull, weak and unsettled; no buyers for round lots and concessions made on small lots. Wheat dull, buyers and sellers far apart, no sales. Pork, active export demand at a decline to 14.90. Teas in better demand, prices steady, the auction sale to day is generally conceded to show rates fully sustained. Meryune sold 14@85½, Pingsuy 38½@53, uncolored Japan 19@47, Congou 17@52½, Oolong 21½@28½. Sugars quiet, unchanged. Hides unchanged, holders very firm. Petroleum steady.

Domestic Produce

We have few comments to make on this branch of trade to-day, the course of the market for a week past having been remarkably quiet with very few transactions to which the trading public attaches much importance. Occasionally a lot of wheat is offered, but in most instances it is held considerably above the views of shippers, and millers are only purchasing to supply their present actual necessities. The shipments to San Francisco consist of the aggregate of parcels gathered from different points, and will soon show a falling off, as the wheat in reach is nearly exhausted. Prices for both wheat and flour have been very steady at our quotations for several days past, and we anticipate *no important change for some time to come.*

Oats are still coming forward quite freely for the season, and rather in excess of expectations. Prices are rather weaker than at our last weekly report. Choice lots command 2c per lb, but for milling purposes only. Hay is unusually dull, and holders are often unable to place fair lots at any price, especially if not baled. Mill feed is not in large supply, but the demand is also limited. Provisions are in fair request at quotations. Dairy products are only in moderate demand, and with only a limited call for shipping trade prices are somewhat weaker. Eggs are dull at 15@16c per dozen. Wool is coming forward in small lots, and prices range as to quality from 16@22c, *the latter only for choice.*

Groceries.

We furnish the following as jobbing rates for staple groceries: Coffees, Central Am and Costa Rica, 20c; o d Gov Java, 25@27c, Syrups, extra, 70@75c; molasses 40@45c, Sugars, crushed 12½@13c; Cal C, 11@12c; Island No. 1, 10@10½c; No. 2, 10c. Salt, coarse Liverpool, 75@80c per 100 lbs; fine, $1. Rice, China No 1, 5½; Hawaiian, 6@6½; Carolina, 7@7½. Tea is in fair supply and price steady at the usual rates.

San Francisco Markets.

[BY TELEGRAPH.]

SAN FRANCISCO, May 17.—Wheat—Shipping, $2 60 @2 65; milling, $2 70@2 75. Very little trade. Barley—Feed, $1 50@1 55; brewing, $1 80@1 90. Corn—$1 85@1 90. Oats—$2 10@2 40. Potatoes—Old, 35@70c; new, $1 50@1 87½. Gold—107; Greenbacks, 94½@95; Silver, 93¾@94.

WONDERFUL SUCCESS OF

DR. PAUL M. BRENAN

In the Treatment of Chronic Disease.

Positive Proof of his Wonderful Skill.

Testimony that Cannot be Contradicted.

Reliable Witnesses Testifying What he has Done for Them.

Perfect Cures where all other Treatment had Failed.

Crowds Coming from all Ports on the Sound to Visit Him.

The Following Certificates Speak for Themselves:

TO DR. PAUL M. BRENAN, Tremont House, Seattle—For the past year and a half I have been suffering from Nervous and General Debility, Kidney Disease, Loss of Flesh and Strength, dizziness in the head and a constant pain through the back and loins. I became so debilitated and broken down that I was unfitted for business. I have been to Victoria and all over the coast under medical treatment for the past nine months, without receiving any benefit whatever, and had almost given up hopes of ever recovering, until I came under your treatment, about seven weeks ago. From the very first your treatment seemed to work like a charm, and I constantly improved from the beginning. I have gained 14 pounds of flesh, and I am now, thanks to your skillful treatment, perfectly well, and am able to return to my business on the Snohomish. JAMES KING.

Seattle, March 31, 1877.

To the People: I have been troubled with chronic Nasal Catarrh for years, the disease being so aggravated that there was constantly an effusion of matter passing down into my throat behind the palate and down through my nostrils.

My nose became depressed between the eyes and swollen on each side. I was told by physicians that it was a polypus; that some of the blood vessels were involved and that the removal would endanger my life by hemorrhage. I became so bad that I made up my mind that I must have immediate relief or die.

As a last resort I applied to Dr. Paul M. Brenan, who, after a moment's examination, determined what to do. He said the nasal bone was involved and diseased, and that there would have to be a portion of it removed. He at once removed the bone tumor containing the ulcer; also the diseased part on or bone and pituatory gland and cured the catarrh. I am now perfectly well and as free from disease as ever I was in my life.

THOMAS D. MURPHY.

Seattle, April 5th, 1877.

DR. PAUL M. BRENAN—*Dear Sir:* I take great pleasure in stating for the benefit of those who are afflicted with any chronic disease, that *I am now a well man.* For the past two years I have been under the medical treatment of different physicians, from which I have received no benefit. I have been suffering with general and nervous debility, a difficulty in my stomach, and at times dizziness and severe headache, almost incapacitating me for work. About three weeks ago I put myself under your care, and I can say with delight that I am cured and feel like myself again, after having partaken of your skillful treatment. To me *now,* labor seems a pleasure. I say this much, hoping it will be the means of attracting the suffering to you who can relieve and cure them.

Your's Truly, JOHN BALLARD,

Employed at Colman's Saw Mill.

I will not publish any cures performed by me unless by the full consent of the parties.

PAUL M. BRENAN.

Dr Brenan can be consulted, free of charge, at his office at the Clarendon Hotel, from 10 to 12 A. M., and at rooms 6 and 7 in Corbett's Block, corner of Front and Washington streets, from 1:30 to 5, and 7 to 8 P. M.
